PRICE TEN CENTS

FIFTY SIX YEARS AGO Eldon Sherward, 78, Jackson Ohio County farmer, married his first wife right on the spot of a road where they met a circuit preacher. A few days ago he was married to the former Emma Bodkin, 58, and Sherward, whose first wife died in 1933, decided on the same locale for his second marriage. The Rev. Mr. Roy Allen is performing the ceremony. (AP Wirephoto)

Consumer Protection Bills Now In Senate

LANSING (AP) — A leisurely but voluminous tide of nearly 100 bills poured onto the House and Senate floors Friday — the final day for committee action on non-money measures which had already been passed by one chamber.

Consumer protection bills topped the list of nearly 70 measures in the Senate.

The 27 bills coming to the House floor included a measure providing that a driver convicted twice of drunken driving would have his license permanently revoked.

Unlike the usual last-minute rush of most deadline days, the Legislature paced itself easily through the day after lengthy work Thursday, especially in the Senate.

Many of the bills had been acted on a day or two earlier in committees but were not officially placed on the agenda until Friday.

Air Cavalrymen Scatter Cong From 'Copters

SAIGON, South Viet Nam (AP) — U. S. Air Cavalrymen pursued fleeing Viet Cong from helicopters today and scattered the enemy force in rugged mountain country of central Viet Nam.

The flying cavalrymen reported killing 24 more Viet Cong guerrillas from helicopters to raise to 122 the enemy dead so far in Operation Crazy Horse which began Monday.

But for a third straight day, the war against the Communists was overshadowed by Vietnamese army civil war in Da Nang and Buddhist-led political turmoil in Saigon.

The U. S. military command reported only one other action of any size in addition to Operation Crazy Horse.

A spokesman said that a two brigade force of the U. S. 25th Infantry Division — "Hawaii's Own" — was engaged in a search-and-destroy sweep through rubber plantations and the Boi Loi woods 35 miles northwest of Saigon.

The operation, called Wahiwa after the district on the Hawaiian island of Oahu, began Monday. The military spokesman reported 86 Viet Cong killed so far.

The spokesman said the 1st and 2nd Brigades of the Hawaii-based division in the first six days had captured 89 tons of rice, 1,700 pounds of peanuts, 334 tons of grain, more than 23,000 rounds of small arms ammunition and 3,600 yards of cloth.

He said the American infantrymen also destroyed 62 Viet Cong structures, 11 sampans, 13 tunnels and 53 trenches and seized 14 weapons. They captured two prisoners. Their own casualties were light, the spokesman said.

For the seventh consecutive day, monsoon rains crippled the American air offensive against North Viet Nam.

Three Month Living Cost Rise Is Greatest In Fifteen Years

Warn Buddhist Leaders Yanks Will Shoot Back

SAIGON, South Viet Nam (AP) — The United States warned Buddhist leaders today that American troops will strike back in case of further shelling of U. S. installations by Buddhist-backed rebel troops.

The warning was delivered by American consular representatives in Hue to Thich Tri Quang, a powerful Buddhist monk in the rebellious northern province.

American sources said Tri Quang repeated his demands for U. S. pressure to oust the military government of Premier Nguyen Cao Ky.

The American representatives met Tri Quang shortly after rebel fire in the embattled city of Da Nang injured 15 U. S. servicemen and after rebel troops fired mortars at the U. S. air base near the city.

American military sources said they felt none of the attacks were deliberate but exposed American servicemen to additional danger.

As Ky's air force bombed rebel

forces in Da Nang and riot police clashed with more than 5,000 Buddhist demonstrators in Saigon, Ky called a "civilian-military national people's congress" meeting for next Tuesday in an effort to end the strife.

The congress is supposed to represent a cross-section of the country's political factions and is to discuss the ways of stabilizing the situations before the Sept. 11 election for a constituent assembly.

Fifteen U. S. servicemen were

wounded by mortars and rockets during clashes between rebel and government forces at Da Nang and some mortar shells fired from rebel positions landed at the U. S. air base near the city.

But a U. S. spokesman in Saigon said there has been no indication that any fire had been specifically directed against U. S. troops.

There was a report that Vietnamese marines loyal to Ky entered a Buddhist pagoda complex in the western end of Da Nang where dissident troops have been holding out and that bodies of several monks were seen near a pagoda. The report could not be verified.

One source put the number killed at 10 and the wounded — both military and civilian — at about 180. This source said 150 persons were taken into custody and that weapons and grenades were seized.

Tax Collection Offering Hope To Cut Deficit

WASHINGTON (AP) — The tax collector has good news for Uncle Sam's budget balancers:

Net tax receipts for April were 16 per cent above those of the same month last year. And if the trend continues — as government experts expect it will — the anticipated budget deficit for the fiscal year ending June 30 could shrink by \$1 billion to \$2 billion.

Government experts won't discuss the prospects of a drop in the estimated \$6.4 billion deficit. But it's no secret that receipts have exceeded expectations since the beginning of the year.

It's all tied in with the booming economy, higher personal income, bigger profits and consequently, bigger tax receipts.

The Treasury's monthly report showed net tax receipts for the first 10 months of this fiscal year totaled \$79.1 billion. May and June, historically the best tax months, are still to come.

The \$9.9 billion in net receipts during April compares with \$8.5 billion for April of last year.

Last January, the administration estimated net receipts for this fiscal year at \$100 billion.

They forecast a budget deficit of \$6.4 billion. Since then, there have been these developments:

1. Higher than anticipated receipts which could add \$1 billion to \$2 billion to the positive side of the ledger.

2. An administration campaign to cut spending by \$1.1 billion during the rest of the fiscal year.

3. A new Treasury policy to step up collections from corporations of the income and Social Security taxes they withhold from employee paychecks. This procedure is scheduled to begin in mid-June and would mean an extra \$1 billion in tax collections before June 30.

Woman Gets Heart Pump

NEW YORK (AP) — Doctors at Brooklyn's Maimonides Hospital have implanted an artificial heart pump in a woman, the Daily News reported today. The newspaper said the patient was in good condition.

The surgery was done Wednesday by a team headed by Dr. Adrian Kantrowitz, a heart specialist who performed a similar operation at the hospital last February. That patient died a day later because of a liver disease.

Neither Kantrowitz nor hospital officials would comment on the latest surgery.

"We are under orders not to talk about the operation," said one hospital source.

The News said the device used in the operation was a plastic pump designed to relieve the heart of work by bypassing the left ventricle, the chamber which pumps blood through the body.

Bank Resources

LANSING (AP) — The combined resources of Michigan's state-chartered banks and trust companies was \$6,940,774,596 as of April 5, the State Department of Commerce reported Friday.

This was an increase of \$70.36 million from Dec. 31, 1965, the last date for a report of the condition of the 253 commercial banks and their 487 branches.

There was an increase of \$179.92 million in loans and discounts during the period, the department said.

A WOUNDED Vietnamese government soldier is carried to cover by comrades Friday after he was wounded by rebel fire in a street near a Buddhist pagoda in Da Nang. It was the second successive day of shooting in South Viet Nam's second largest city. (AP Wirephoto)

Goods And Ships Jam Up At Dock Areas In Britain

LONDON (AP) — Hundreds of ships lay idle in British ports today as the spreading strike of merchant seamen neared the end of its first week.

Tugmen, sympathizing with the seamen, have refused to tow the vessels to nearby anchorages.

Within another week, many of Britain's docks will be jammed, its warehouses loaded with waiting exports.

Dockers, alert for any attempts at strike-breaking, say they would not hesitate to quit work rather than handle cargoes involving non-strikers. This would imperil food and other vital British imports.

If the situation becomes acute enough to endanger the nation's welfare, Prime Minister Harold Wilson has promised to proclaim a state of emergency.

If that happens, the royal navy may be ordered to man the ships and open the ports.

Such a development would split the British people, plunge the country into turmoil and threaten the life of the Labor government.

It also would pose the possibility of an irreconcilable rift between Wilson's Labor party and the trade unions. The unions provide the party with most of its funds and votes.

Few authorities think things will get that far, however.

There have been no fights and no strike-breaking attempts — though William Hogarth, general secretary of the seamen's union, has hit out hard at what

he calls Wilson's bias against the strikers.

Hogarth and the thousands of sailors who follow him resent Wilson's claim that the strike was "against the state, against the community." Wilson was assailed, too, for his proclaimed readiness to call in the Navy if necessary.

The stoppage that idled about 500 ships and 12,000 seamen in five days already has exposed weaknesses in the British economy.

Second Draft Quiz Is Today

WASHINGTON (AP) — Some 250,000 college students file into campus auditoriums and study halls today to take draft deferment tests as sporadic demonstrations against the Selective Service system continue across the nation.

This is the second of the three-hour, 150-question examinations designed to help local draft boards determine which students, if any, will be called into the armed services.

Some 400,000 young men took the test last weekend at 1,200 colleges and universities in the 50 states, Puerto Rico and the Panama Canal Zone. Thousands more students are expected to be tested on June 3 and June 24.

As preparations for today's tests were being completed, anti-draft demonstrations were reported from Brooklyn to Chicago to Wisconsin and California.

For students who fear their draft notices are near, there were reassuring words from the director of the Selective Service System.

Lt. Gen. Lewis Hershey told a reporter in Dallas, Tex., very few if any college students will be drafted unless the monthly quota jumps over 30,000 men. He said nonstudents and college dropouts are in sufficient number to fill current military needs.

Auto Victim

MEXICO CITY (AP) — Mator Carlos Arruza, 44, idol of the Mexican and Spanish bull rings for many years, died in an automobile accident Friday. Arruza retired in 1953 but returned occasionally to serve as a "rejoneador," fighting the bulls on horseback, Portuguese style.

April Produced Third Straight Hike For Index

WASHINGTON (AP) — Americans are stretching the already strained family budget even tighter with a sharp new rise in living costs. At the same time millions of breadwinners are bringing home smaller paychecks.

Latest government reports show living costs climbed faster for this time of year than in any similar period since the Korean War, while manufacturing cutbacks sliced the average pay of some 14 million factory workers.

The Labor Department said prices for food, clothing, housing, transportation, medical care, recreation, and other living costs went up four-tenths of 1 per cent in April, the third straight substantial rise in the monthly consumer price index.

There was no direct word from the White House on whether the developments might trigger some action, hinted at earlier by President Johnson, to raise taxes or drastically revise his wage-price guidelines aimed at halting inflation.

But in a speech telephoned Friday night to a United Auto Workers convention in Long Beach, Calif., Johnson said the nation's economy does not depend on the stock market, which has been erratic of late, or on war spending.

Time For Thinking He said it is time to "start thinking more soberly and realistically about the fact that ours isn't a roller coaster economy any more." This was one of a number of generalized suggestions the President made after asserting the nation "must go on a new agenda."

The price index, at 112.5, showed it took \$11.25 to buy items that cost \$10 in the 1957-59 period on which the figure is based.

Since January, the Labor Department reported Friday, living costs have gone up 1.4 per cent, the largest increase for that period since 1951. It was matched only once before in any three-month period, in 1958.

Higher costs for consumer services — including medical care, excise taxes, mortgage interest rates, auto insurance, barbers, baby sitters and beauty shops — were largely to blame for the April increase.

Food Levels Off

Food prices, frequently the major factor in the past year of steadily climbing living costs, nearly leveled off with a hike of only one-tenth of 1 per cent, the smallest since last fall.

A drop in manufacturing orders, industrial production, retail sales and other major economic movements, caused a drop in factory earnings despite record hourly wages of \$2.69.

The average factory worker with three dependents brought home \$98.24 per week in April after taxes, a drop of 10 cents, because of shorter hours.

This paycheck figure dropped 45 cents in purchasing power when the price hikes were figured in.

The rise in living costs nicked nearly half a cent from the purchasing power of the dollar, bringing it down to 88.9 cents in terms of 1957-59 value.

Prices Lag

Asked why prices continued upward while other key economic figures showed a downward trend, government sources said prices almost always lag behind.

One source recalled that prices continued upward long after other economic barometers showed the nation was entering a recession in 1957.

In Detroit, three big auto makers announced an estimated \$50,000 employees will receive increases in cost of living benefits for the June-August quarter as a result of the rise in the consumer price index.

The increase of four cents an hour for hourly employees at Ford, Chrysler and General Motors will amount to about \$20 during the quarter.

Weather

Administration Shapes Policy On NATO Shift

WASHINGTON (AP) — President Johnson and his key advisers are shaping U. S. policy on revamping the North Atlantic Treaty Organization, while across the Atlantic officials are reported studying ways NATO could play a role in future East-West fence mending.

Johnson met for an hour at the White House Friday night with Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara, presidential national security affairs adviser Walt W. Rostow, Undersecretary of State George W. Ball and Dean Acheson, former secretary of state now advising on NATO affairs.

Reports indicated the discussion centered on a meeting of NATO ministers June 6-8 in Brussels. The United States reportedly will urge moving NATO's military and political headquarters from Paris to Belgium, streamlining the NATO setup and giving West Germany a bigger role.

U. S. strategists want unanimity among American allies at the meeting. And, before Friday night's conference, Johnson met with Belgium's foreign minister, Pierre Harmel, in the latest of a series of NATO discussions with allied leaders visiting Washington.

The conferences were prompted by French President Charles de Gaulle's plans to pull out of NATO's military system and his order to his 14 NATO allies to remove the organization's facilities from France within a year.

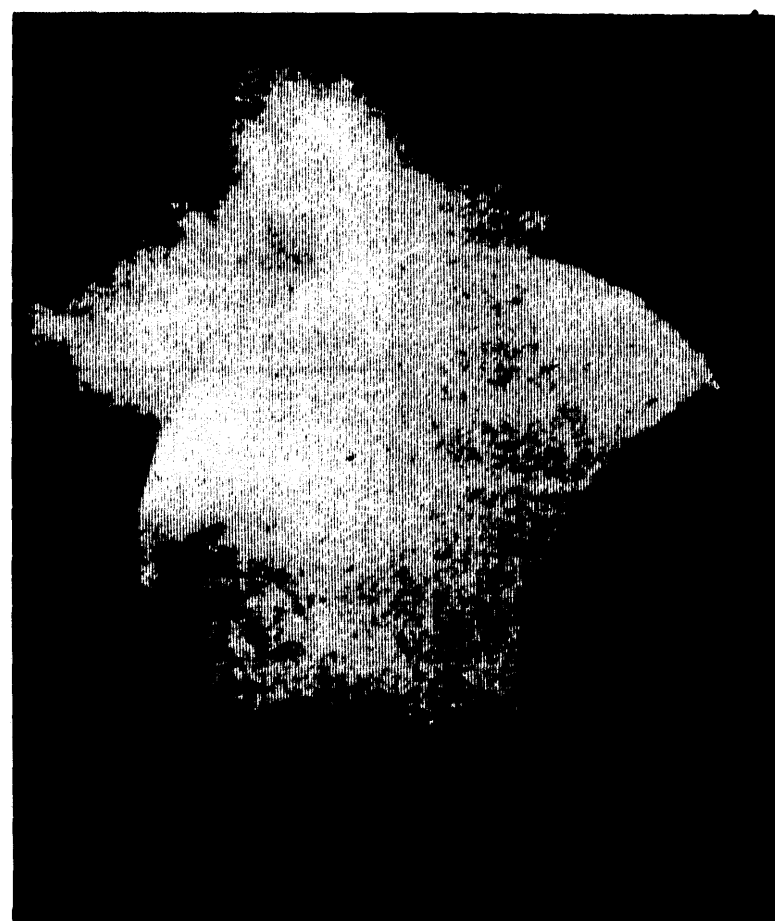

In London, a British source said officials there were studying a new plan for allowing NATO to work ultimately with the Soviet Union if Red China emerges as the world's third superpower.

"We should see it more as an organization of Western nations that could negotiate from strength with the aim of arriving at some common ground with Russia about attitudes to the world of the 1960s and 1990s when we might have to contend with a third superpower," he said.

Other diplomats said several NATO countries, including the United States, are engaged in the study which will be presented at the Brussels meeting. They said Acheson is investigating how the alliance could help iron out East-West problems.

Today's Chuckle

You've reached middle age when you feel on Saturday night the way you used to feel on Monday morning.

THE MOON BLOCKS off a portion of the sun in the partial eclipse visible over London Friday. The total eclipse was seen in Greece, but in London only 40 per cent of the sun was obscured. (AP Wirephoto)

Laughing Whitefish Park Dead?

Land Exchange Collapses

Public acquisition of the Laughing Whitefish Falls tract in Alger County now appears doubtful.

Michigan Conservation Department officials indicated that Celotex Corp., which owns the land, now appears reluctant to pursue a proposed exchange that would have given the state 360 acres around the falls for 1,440 acres of state-owned land in Baraga County, site of the Celotex fiberboard plant.

Instead, Celotex apparently plans to honor an option to sell its entire 4,000 acres in the Laughing Whitefish Falls area to private parties, say department officials.

The Michigan Conservation Commission last December approved a proposal whereby

Celotex would make a gift of 100 acres of land in which the falls are located to the state and would exchange another 240 acres for the 1,440 acres in Baraga County.

This, however, would have left Celotex still holding 3,640 "isolated" acres in Alger County.

And, it was learned, Celotex had negotiated an option with six unidentified individuals last October to purchase the 4,000 acres. Although the option is said to have now expired, Celotex reportedly still intends to honor the option in the future, department officials said.

The falls are exceptionally scenic, and the state had planned to develop a recreation site around them. They are es-

timated to plunge more than 100 feet and are approximately 20 feet in width. The Laughing Whitefish River, rated a fairly good trout stream, flows through the Celotex land for about 5,555 feet.

Negotiations to acquire the falls site began about 12 years ago during the administration of Gov. G. Mennen Williams, but no proposal that was mutually agreeable was drafted, although the department believed the plan approved last December was acceptable to Celotex.

Celotex directors, however, never have approved the land exchange.

Although the Laughing Whitefish Falls site has never been developed, the state held a lease on an access road leading to the falls, and the site was a popular tourist spot. The access road lease has expired, and the department had planned to build a half mile of new access road to the falls off the Nick Sigan Road to the east, opening the new road by July 1. These plans have now been cancelled in view of the question mark hanging over the land exchange.

Army Advances Area Soldiers

PORT HOOD, Texas—Completion of basic training and promotions have been announced for a group of young men who are Army trainees here. They include:

Pvt. Robert H. Grenier, son of Mr. and Mrs. Lawrence C. Grenier, 1215 Wisconsin Ave., Gladstone, who received an early promotion to Army pay grade private E-2 on completion of basic combat training.

The 22-year-old soldier was graduated from Gladstone High School in 1962.

Keith P. Johnson, 20, son of Mr. and Mrs. Carl E. Johnson, Bark River Rte. 1, received an early promotion to Army pay grade private E-2.

Johnson was graduated from Bark River-Harris High School in 1964 and was employed by United Parcel Service, Escanaba, before entering the Army.

Pvt. Lorin H. Blowers, son of Mrs. Elsie M. Blowers, 1309 N. 22nd St., Escanaba, also received early promotion to Army pay grade private E-2.

The 20-year-old soldier attended Escanaba High School. Blowers, Grenier and Johnson were awarded the promotion two months earlier than is customary because of their scores in firing the M-14 rifle, high score on the physical combat proficiency test and their military bearing and leadership abilities.

The early promotion program is an Army policy providing incentive to outstanding trainees.

Blowers was also among a group of trainees who fired expert with the M-14 rifle near completion of his basic combat training. The expert rating is the highest mark a soldier can achieve on his rifle qualification test. The group includes:

Pvt. James R. Cool, 19, son of Mr. and Mrs. Richard R. Cool, Mounted Route, Escanaba. He entered the Army last March. Cool attended Escanaba Area High School and was employed by the Chicago and North Western Railway before entering the Army.

Pvt. Roger L. Maunio of Thompson, 19 a 1965 graduate of Manistique High School.

Pvt. Charles M. Cousineau, son of Mr. and Mrs. Mennen J. Cousineau, 713 Deer St., Manistique. Cousineau attended Central High School.

Pvt. Nathan A. Nordin, 19, son of Mr. and Mrs. Walter R. Nordin, Bark River Rte. 1. Nordin was a carpenter with Lenard Erickson, Contractor, in Harris before entering the Army in March of this year. He was graduated from A. D. Johnston High School in Bessemer in 1963 and attended Bay De Noc College in Escanaba.

Kelley Elected

CLEVELAND (AP)—Michigan Atty. Gen. Frank Kelley has been elected vice president of the National Association of Attorneys General. The vice president traditionally goes up to president the following year.

RAGS TO RICHES drive by the Exchange Club brought contributions of about 10 tons of used clothing. Joe Bushey (left), drive chairman, meets the first buyer, Jersey Menard of Escanaba, to fill the order. All proceeds will go to support the program of dental care for underprivileged children of Delta County. (Daily Press Photo)

MUCC Convenes In U.P. June 23

Several hundred persons are expected to attend the 29th annual convention of the Michigan United Conservation Clubs in Marquette June 23-25.

The meeting on the Northern Michigan University campus of the state's largest federation of sportsmen's clubs will attract delegates from throughout Michigan, along with members of their families and officials of various conservation agencies. Many will remain to vacation in the Upper Peninsula following the convention.

Principal business of the convention will be action on scores of resolutions pertaining to fish, game and conservation legislation. But the delegates also will hear numerous committee reports, elect officers and participate in social activities arranged for them.

A large number of the delegates will be housed in residence halls on the campus.

Now Have 1,368 State Policemen

EAST LANSING (AP)—State Police graduated 48 probationary troopers at East Lansing Friday. The graduation brings state police strength to 1,368 men.

Replaces Doyle

LANSING (AP)—The State Supreme Court has announced the appointment of William Hart, former Saginaw mayor, as court administrator. The position will become vacant with the retirement of Meredith Doyle April 1.

Escanaba Area Public School Lunch Program

The following meals will be served in the Escanaba Area Public Schools next week:

Monday, May 23: Beef in gravy, whipped potatoes, buttered peas, chocolate pudding and tea buns.

Tuesday, May 24: Italian spaghetti with meat sauce, buttered green beans, chilled fruit and tea buns.

Wednesday, May 25: Braised beef tenderloin tips, whipped potatoes, buttered sliced carrots, fruit jello and tea buns.

Thursday, May 26: Sloppy Joe's, buttered whole kernel corn, chilled fruit and sandwich buns.

Friday, May 27: Oven fried fish sticks, whipped potatoes, cabbage salad, whole wheat tea buns and assorted cake.

(1/2 Pint of Milk Included With Each Meal)

Of Escanaba

U.P. Planting Success

Cohos In Huron

Planting of 225,000 coho salmon in the Big Huron River in Baraga County this week was an almost totally successful operation, the Michigan Conservation Department reports.

The young cohos, each about six or seven inches in length, reached Lake Superior shortly after they were introduced into the stream at Big Eric's Bridge.

The fish were transported by truck from the state hatchery in Marquette, and the planting was completed in three days.

"Losses in the planting operation were very few," said Glenn Gregg, U. P. manager for the department.

"The U. S. Bureau of Commercial Fisheries gave us excellent cooperation. Its electronic anti-lamprey weir on the Big Huron was shut down at night, when the young salmon moved downstream. This permitted them to reach the lake without interference."

Fifty thousand rainbow trout were planted with the cohos. This marked the first introduction of this species into waters tributary to Lake Superior, although a ceremonial planting of a couple of hundred cohos was carried out last month.

Hopefully, the salmon will remain in Lake Superior until they reach maturity and then return to the Big Huron in the fall of next year to spawn, after which they die.

Similar plantings will have to be carried out for the next two years in order to have all age classes of cohos in the lake and stream.

If the program is successful, Michigan will have a new game fish, Cohos, which are native to Pacific Coast streams, are a prized species among Western sports anglers.

Dividends Up

WASHINGTON (AP)—Cash dividends paid by corporations issuing public reports totaled \$1,385,000,000 during April, 10 per cent above the same month a year ago, the Commerce Department said Thursday.

The total for March was \$2.87 billion, a figure which reflected the quarterly payments made by many corporations during that month.

For the first four months of 1966, cash dividends paid by corporations issuing public reports totaled \$6.6 billion, 12 per cent above payments in the comparable 1965 period.

When will you choose your family burial lot . . . when you can choose not only a location but also the Catholic memorialization you desire.

Unfair Government

When President Kennedy cracked down on U. S. Steel in 1962 for raising prices, Inland Steel Co. didn't go along with the raise and was a factor in the government's victory in that contest.

But Board Chairman Joseph L. Block of Inland has some forth-right things to say about government pressures to reduce steel prices since then and especially lately.

He told the Steel Service Center Institute recently about his concern about the future of private industry, union labor and the economy under the pressures which are now being exerted by government on part of the nation's business.

Block's suggestions should be accepted as earnest and informed and certainly they must be accepted as courageous. We think that they are needed for an understanding of what's happening to our free enterprise system, which has done so much to bring America the plenty which it enjoys today, and which is under serious government perversion.

Block doesn't expect any great changes in the trends which he now sees as a threat to our free economy. The government has too much power in a nation with an apathetic citizenship, and labor is not going to tolerate an enforced responsibility like that which controls business under the anti-trust laws.

Block reviewed the second effort of the steel industry to raise prices to meet rising costs in 1964 and the immediate blast from the President. Result: Steel, in 1965 with all-time record production, earned 9.5 per cent on its net worth, compared with the 13.3 average for all American industry.

At the end of the year Bethlehem raised prices on one kind of steel, the government blasted the action and issued orders against purchases from any of the price boosters. "I have never known that such action could be taken for punitive purposes," said Block, an immensely experienced executive who thus reminds us of the power of the government to destroy private industry with misuse of the public might.

Disturbing as government intervention is in pricing in violation of supply and demand, said Block, it is not necessarily past correction. But he thinks that this may not be true of labor negotiations. "On the one hand we have a union with power to idle more than 80 per cent of the steel mills. On the other a basic industry on which thousands of customers . . . and scores of communities are dependent. A strike is certain to create a national crisis."

"These circumstances caused President Johnson to personally enter last fall's labor negotiations in steel. Is this to be the regular pattern? I doubt it . . . There will be created by law a procedure for settling these matters by a court, or in some other manner than by free collective bargaining between the parties."

"Such a day would be a sad day for the American free economic system. Inevitably any legalized compulsion in the wage area would be accompanied by legalized compulsion in the price area. With these two essential facets of the economy prescribed by government, other restrictions and regulations would follow."

"It is clear that our freedom in the economic sphere has been our great strength, but it seems fashionable these days to advocate compulsion in labor negotiations. The key, of course, is the power of one man or one union to cause a national crisis. Realistically the possibility of (union power control) legislation appears remote . . . although they have as much to gain by correcting the situation as anyone else, for one cannot help but wonder how important labor unions would be in an era of compulsory arbitration."

Block faults the guidepost theory on wage and price controls as it's working out in practice and he cites our greatest triumph over Russia as our economic system and calls upon all elements — including industry — to preserve it as the chief source of our nation's strength. His is a voice of economic conscience calling for courageous compromise in the public interest, but not expecting much in that line short of disaster.

Finding The Way

Man's Hunger For Faith

By RALPH W. LOEW, D. D.

I've just come from chatting with a friend who has seen UFO (Unidentified Flying Objects). For him, they're identifiable. It may be true that the Air Force is not telling all that it knows about this much-reported phenomenon. It may be that there are strange craft hovering over our country. It may be that there are regular visitors from outer space. My friend has no doubt about it.

He asserts that men have ridden in these strange objects. He tells of conversations between earth men and space men. He knows the kind and quality of food that's eaten on other planets. He's certain that some of these objects are cleansing the polluted air of our own planet.

When I'm with this friend, I'm almost convinced. Away from him, I'm uncertain. He's confident. He believes that we are being visited daily by men from distant planets and there are thousands to join him in his faith.

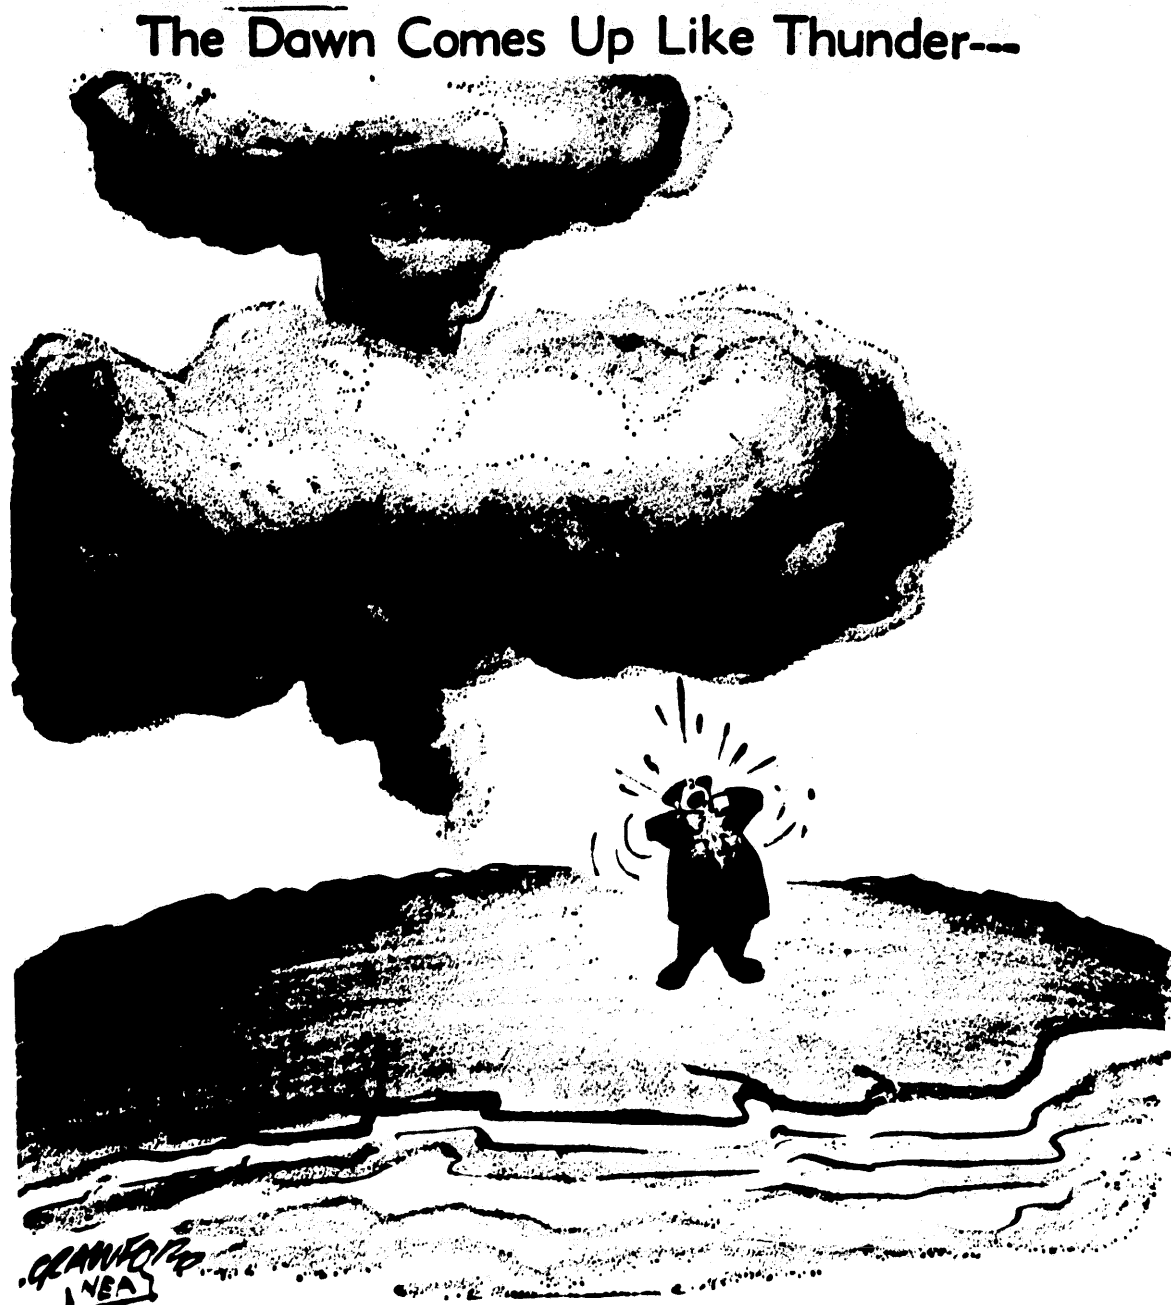

The interesting thing about all of this is that it should come at a time when there is great disbelief. The word "God" is suspect. Heaven and hell are doubted. Some want to limit religious belief to that which you can feel and touch. All across the land there are those who insist that God is dead. Faith becomes a hope instead of a possession. There is a loneliness and a poignancy that wishes faith were possible. So—goodbye God—hello Unidentified Flying Objects.

It's as though men had become insistent on a kind of rationalism about their faith and a credulousness about this new development. Men have a hunger for faith; take truth from them and they supply substitutes.

It may be that strange craft are visiting our planet. It's not impossible even though it has not been proven. But my friend accepts all of this on a wild premise of faith and at the same moment denies the possibility of a living presence of God. The confessions of faith of the centuries spoke of an identifiable experience. God spoke. God acted. God dealt with the human family. God was breaking into history, redeeming it, leading it to new possibilities of peace. More than this, men believed that this same spirit which convinced these leaders of old, convinced them in this contemporary situation.

Today men of science are exhibiting enormous faith, venturing into new areas, transplanting human organs, offering new hope in understanding our universe. It is a time that also requires ventures of faith in human relations.

I'm not sure of these reported craft. I am sure of the visitors from on high who shared a message of hope to men of good will. Is it really too much to believe that there is a God of righteousness and love who yearns to reconcile mankind? That's an identifiable objective!

Deadly Rabies:

Doctor Outlines Protection Plan

What can you do to protect your family against rabies? This might seem to be an abstract question, but if your child was suddenly bitten by a stray dog, you certainly would want to know.

Well, the time to find out what to do in such an emergency is right now—not after the fact says Dr. Albert E. Heustis, director of the Michigan Department of Health.

"Before we discuss the few simple rules that could save your child's life, I think it would be helpful if we took a short look at the nature of rabies—a disease that has been attacking folks since before the birth of Christ," he said.

"The disease is caused by a virus that attacks the spinal cord and the brain of a warm blooded animal, and kills the animal, usually within 10 days. It may cause dramatic 'mad dog' symptoms everybody expects, but not necessarily so. A rabid dog for instance, may act only sick and confused, or may not have any obvious symptoms until just hours before it dies."

Rabies is spread by the saliva of an infected animal entering

'66 Looks Like Strike Season

WASHINGTON (AP)—Growing labor unrest threatens to make this the biggest strike year since 1960, a top federal spokesman says. The AFL-CIO isn't quarreling with his prediction.

"It is quite possible that we are now entering a period of greater strike incidence," said chief federal mediator William E. Simkin, blaming the "rising feeling of democracy or unrest in union ranks" and the growing complexity of bargaining issues.

But an AFL-CIO spokesman said the "unrest" cited by Simkin largely is due to rebellion against White House guidelines that seek to limit wage increases to 3.2 per cent a year.

"You can't tell a carpenter he can't get a bigger wage raise because it might upset the economies of the entire country," the labor spokesman said.

The spokesman said Simkin was in a better position than the big labor federation to predict an increase in strikes.

But both emphasized that while the total number of strikes may be up sharply, they would involve the same relatively small number of workers as in recent years because few big industrywide contracts are up for negotiation this year.

"Quotes"
A man sits in front of a bad television program and does not know he is bored, he reads of Viet Cong casualties in the newspaper and does not recall the teachings of religion; he learns of the dangers of nuclear holocaust and does not feel fear; he joins the rat race of commerce where personal worth is measured in terms of market values and is not aware of his anxiety. Ulcers speak louder than the mind.
—Dr. Erich Fromm.

People, Events Of Yesteryears

From the files of the Escanaba Daily Press

10 Years Ago

Jim Donarski, 24, of Green Bay, was named head football coach and Ron Feuerstein, an assistant coach in basketball and football, was moved up to head coach at Holy Name High School.

The Escanaba public schools lost one of their most popular young teachers when Alice Hartberger left the system after three years as vocal music teacher in the junior and senior high schools.

Pvt. James Donovan, 17, son of Mrs. Alice Donovan of 503 S. 12th St., was scheduled to go to Germany when his unit moved from Fort Carson, Colo., to Europe.

23 Years Ago

About a mile of steel track on Ludington Street was removed by city workmen. The track would be used in the new city dock under construction on the north shore at lower Ludington Street. Workmen began at the center of the 700 block of Ludington Street.

Larry Gallagher, World War hero and globe trotter, was back in his home town for a few days prior to starting off on another phase of his adventurous career in the second world conflict. He came here from "Frisco" but found it kind of lonesome here for all the boys he knew do not seem to be around anymore. "It's a changed town," said Larry. "I was lonesome as the devil Sunday. Isn't it strange to feel that way in a fellow's home town? I know hardly anyone around here now, so I guess I'll be shoving off in a couple days or so for Cleveland or Toronto."

Cong Can Be Exposed

By RAY CROMLEY

WASHINGTON (NEA)—A friend in central Viet Nam writes of the difficulties in finding underground Viet Cong terrorists.

These hidden VC often rule by night the hamlets "controlled" by government and American forces.

They accomplish this rule through threats, assassinations, promises and propaganda.

Sometimes the real power in the village is exercised by these nighttime governments, which may run schools, collect taxes and run night "courts."

Until these underground VC are found and removed, it is impossible to go ahead with helping villagers run their own government with any hope of success.

So it isn't enough to win over the people of a hamlet or to protect them from VC guerrilla armies. They must also be protected from the "secret" VC in the house next door.

But these VC cadre are difficult to find. Hamlet chiefs, other village leaders are neighbors who know their names usually dare not expose them in and on the exposure or his wife and children may die. His head may be put on a post by the roadside as a warning.

Moreover, these VC may be men who have lived all their lives in the hamlet. They have families and relatives living there. What is a man's position after he has turned in his own neighbors—even though some of them are killers? They may

be men he went to school with as a boy or the sons of his friends—or even, in some cases, his own relatives.

But some hamlet chiefs chance it and live. Others die. Still others are finding ways to expose the VC without anyone being the wiser as to who told.

This is the story of a village chief we shall call Nguyen Van Tha who decided "to tell who the VC were in his hamlet."

"But he didn't want his people to know that he put the finger on them."

"So he went to a Marine outpost overlooking the hamlet . . . (The Marines set him up with) a high-powered telescope. Then the Marines sent a patrol into the hamlet . . . with a walkie-talkie."

"The village chief used the telescope (and an interpreter) to guide the patrol via radio . . . to each house where VC lived."

"The Marines caught the VC red-handed, with weapons . . . before they could escape."

With enough ingenuity the problems of a guerrilla war can be licked. You just can't sit back and go by the book.

Understanding

EAST LANSING (AP)—Emphasis will be on training for understanding and getting along with other people when more than 1,000 4-H Club members attend the annual Michigan 4-H Club Week June 15-18 at East Lansing.

Michigan Mirror

By ELMER WHITE

A honeymoon was what the political pundits predicted back in January and the 1966 legislative session turned out to fit essentially the term.

Despite the fact that it is an election year and the Democrats wanted badly to find major battlegrounds to be refought at campaign time, they and Gov. George Romney were remarkably amiable throughout the session.

Prediction of the honeymoon atmosphere was largely based on the pre-session agreement between Gov. Romney and the majority legislative leaders to leave tax reform off the agenda for 1966 action.

Major fights, wounds of which will remain open through November at least, centered around veterans' and senior citizens' tax relief.

Aside from these areas of difference, the only point on which the Democrats found much success in needing the Governor was on his choice of individuals for appointment to several important government posts.

On this point, the Governor took his licks even from some Republican lawmakers.

Since the veterans-senior citizens questions have been in the fire for several years, Democrats will be digging deep to come forth with real issues for the coming campaign.

Fights which gained little public attention during the session will be magnified for purposes of the campaign. Democrats at this point seem almost to have abandoned hope of recapturing the governor's chair and instead are concentrating on keeping the U.S. Senate seat now filled on appointment by aspiring Republican Robert Griffin.

Questions And Answers

Q—What is the Helms World Trophy Award?

A—Instituted in 1949, it recognizes the six foremost amateur athletes of the six continents.

Q—When was passenger service inaugurated by American railroads?

A—The Baltimore and Ohio Railroad established the first passenger railroad on July 4, 1828.

Q—Is it legal for one man to hold two positions with the federal government?

A—Yes, but it is against the law to collect more than one paycheck.

Q—How often did the riders of the Pony Express change mounts?

A—There were 190 relay stations, and the 80 riders changed mounts every 10 miles. There were 420 horses.

Ann Landers

Indifference Is Best Approach To Sulkers

Dear Ann Landers: Our 20-year-old son came home from boot camp last week. He looked very depressed at the breakfast table this morning and I asked what was bothering him. He replied, "I am so disappointed in Lorna. I always thought she had such high morals, but I found out differently last night."

I put the question bluntly: "Did you have improper relations with her?" He answered, "Yes. And I was very surprised to find that she had round heels like all the rest."

I asked if he was in the habit of doing such things and he said, "How else can a fellow tell if a girl is decent?"

He insists he will continue to test girls this way because he wants to make certain that the girl he marries is a virgin.

He said, "If she turns me down flat I will be sure that she would turn down any and all indecent proposals—no matter who makes them. That's the kind of a girl I want for a wife."

What do you think about this, Ann Landers? — ANOTHER MOM

Dear Mom: Your son has the morals of an alley cat—also a very big mouth. It was downright rotten of him to tell on Lorna.

And your question (the blunt one, Lady) strikes me as an interesting combination of naivete and an attempt to get vicarious kicks via your son's cheap sexual experimentation.

Dear Ann Landers: Anyone who has read your column for three months and says he has not seen himself at least once, is a liar. I saw myself yesterday and I'm hoping that hundreds (maybe thousands) of mothers who are smothering their children as my mother smothered me, will see themselves and take heed.

"Voice Of Experience" wrote that her mother always made it a point to re-shine the glasses after she had wiped them. She re-did the kitchen sink and re-tied her hair bow and shoes laces. She re-made the bed, dusted over her dusting and made her feel that she couldn't do anything right.

Don't misunderstand, please. My mother was a good woman and she didn't have the faintest notion of what she was doing to me. But she destroyed my self-confidence so completely that it took four years of psychiatric help to make me a functioning human being.—ANOTHER VOICE

Dear Voice: The injured party sees himself quite readily, which is understandable, but I wonder how many culprits recognize themselves in print. Not one mother wrote to say, "I saw myself." Dozens of daughters wrote, however, and said, "I saw my mother."

Dear Ann Landers: What can I do about a husband who clams up and refuses to speak a single word when something displeases him?

Last night the TV broke during his favorite show. He got mad and kicked the dog. Then he sat in the corner and wouldn't say a word. He suddenly decided he wanted salami sandwiches instead of cheese for his lunch box so he wrote me a note and asked our son to hand it to me.

How do I deal with such behavior?—L. S. W.

Dear L. S. W.: Indifference is your best approach. Sulkers sometimes become civilized, if not cheerful members of the family, when moods are ignored.

Unsure of yourself on dates? What's right? What's wrong? Should you? Shouldn't you? Send for Ann Landers' booklet "Dating Do's and Don'ts," enclosing with your request 35c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Reginald Depuydt

Janice Lauscher

VALEDICTORIAN of Perkins High School Class of 1966 is Reginald Depuydt, son of Mr. and Mrs. Donald Depuydt. His school activities include varsity basketball, track, student council president, basketball team captain. He plans to attend Bay de Noc Community College in the fall. Janice M. Lauscher, daughter of Mr. and Mrs. Milton Lauscher is salutatorian. She participated in school activities as varsity cheerleader and was Senior class secretary. She will enroll at Bay de Noc College this fall.

Tech Posts Honorees

Escanaba Area Students Cited

HOUGHTON—Eight Escanaba area students will be among the 330 honored here May 24 at Michigan Tech's 14th annual honors convocation.

Dr. William J. Sparks, national president of the American Chemical Society and scientific advisor to the Esso Research & Engineering Co., Linden, N. J., will deliver the convocation address. Dr. Sparks who holds the highest technical position in the Standard Oil Co. (N. J.) organization, will receive an honorary Doctor of Science degree from Tech.

Students to be honored will include the two highest ranking individuals in each class, members of the Dean's List for the academic year, those receiving class honors (upper 5 per cent of their classes with at least a 3.3 grade point average), new members of honorary and professional fraternities and societies and recipients of scholarships and fellowships.

Students to be honored from Escanaba area are:

Bruce G. Douglas, son of Mr. and Mrs. George S. Douglas, of 709 5th Ave. S., for sophomore class honors. He is a sophomore mathematics major.

Walter E. Carlson, son of Mr. and Mrs. Walter R. Carlson, of 912 S. 17th St., for sophomore class honors. He is a sophomore mathematics major.

Koester L. Christensen, son of Mr. and Mrs. Koester Christensen, of 1209 Lake Shore Drive, for sophomore class honors, for being on the Dean's List and for being the recipient of the General Motors scholarship. He is a sophomore mathematics major.

Susan J. Schaefer, daughter of Mr. and Mrs. Clarence

Dr. W. J. Sparks

Schaefer, of 512 N. 21st St., for being the recipient of the Dow Chemical Company Scholarship. She is a junior chemistry major.

James M. Manninen, son of Mr. and Mrs. Waino Manninen, Route 1, Cornell, for membership in Alpha Sigma Mu national honorary metallurgical engineering fraternity. He is a senior metallurgical engineering major.

Darrell T. Jaque, son of Mr. and Mrs. Walter Jaque, of 1220 First Ave. S., for being the recipient of the Copper Country Memorial Scholarship. He is a sophomore civil engineering major.

James E. Granskog, son of Mr. and Mrs. Iver Granskog, Route 2, Rapid River, for senior class honors, for being on the Dean's List, and for membership in Phi Kappa Phi honorary fraternity which

Presbyterians' Creed Revision Given Support

BOSTON (AP)—A year-long, nationwide debate among United Presbyterians today churned to a head over a proposed new confession of faith, their first creedal revision in more than three centuries.

It has been a rousing issue among the 3.3 million members of the United Presbyterian Church in the U.S.A. for the last year.

Action on the matter isn't expected until near the close of the eight-day meeting early next week. But the bursts of applause in the initial skirmishing indicated the document had predominant support.

The 4,600-word confession is the first effort to define the Church's beliefs since the Westminster Confession of 1649.

The proposed confession says: "The one sufficient revelation of God is Jesus Christ, the word of God incarnate, to whom the Holy Spirit bears unique and authoritative witness through the holy Scriptures, which are received and obeyed as the word of God written."

Rather than asserting the Bible's word-for-word infallibility, the new confession says: "The Scriptures, given under the guidance of the Holy Spirit, are nevertheless the words of men, conditioned by the language, thought forms and views of life, history and cosmos which were then current."

"The Church, therefore, has an obligation to approach the Scriptures with literary and historical understanding."

Proponents noted this allows room for the Church to avoid clashes with science that have occurred in the past, such as the assault on Galileo for saying the earth moves around the sun.

Lutherans State Race No Ground To Deny Wedding

GRAND RAPIDS (AP)—"We hold that upon the basis of the Gospel of Jesus Christ, race is no grounds for the denial of marriage," the Michigan synod of the Lutheran Church in America has stated.

"We also confidently affirm that interracial marriage very definitely stands within the injunction of the church that a marriage shall be in accordance with the word of God and the laws of the state," it said.

The statement was approved by 250 synod delegates concluding their annual meeting in Grand Rapids. They represent 130 Michigan congregations.

Spokesmen said the view was held in recognition of a statement by the synod's Committee on Social Ministry. It was not to be construed, they said, as promoting or encouraging interracial marriage.

recognizes and encourages superior scholarship for seniors in all fields of study. He is a senior forestry major.

ELMER A. BEHREND, a life-long resident of the Powers-Spalding area is the new postmaster of the Powers Post Office as of April 30. He and Mrs. Behrend have five children and make their home in Powers. Mrs. Melvin Forgett is assistant to Behrend.

Dorman Heads Campaign On Litter In U.P.

Ken Dorman, Iron Mountain, has been appointed regional chairman for Region 9 of Keep Michigan Beautiful, reports Mrs. Leland Smith, state coordinator of the state's anti-litter and beautification organization.

As regional chairman Dorman will be responsible for the coordination of beautification work and anti-litter programs in the counties of Gogebic, Ontonagon, Houghton, Keweenaw, Baraga, Iron, Marquette, Alger, Dickinson, Delta and Menominee.

"It is our hope that every community in the state will soon get some type of clean-up program under way," she said, "and that every citizen will become aware of their responsibilities in keeping Michigan beautiful."

Nine different regions have been set up throughout the state, as the next step in the campaign to make Michigan the best-groomed state in the nation.

Keep Michigan Beautiful, Inc. has been promoting anti-litter and beautification programs through the news media and through various industrial and educational organizations. Several hundred schools and civic organizations now have anti-litter programs under way in their communities.

Police Chiefs Endorse 'Rights'

LANSING (AP)—The Michigan Association of Chiefs of Police recently unanimously endorsed a Civil Rights declaration calling for opposition to segregation in housing and education.

The association said it issued the statement because it was "disturbed by a feeling of unrest and suspicion on the part of the public on the attitude of police" and wanted to "allay any fears or clear up any doubts."

Heineman Gets Fitzpatrick Job

Ben W. Heineman, chairman of the Chicago & North Western Railway Co., has been elected chairman and president of the company by its directors. Heineman has been chairman and chief executive officer of the North Western since 1956.

At the same time the board elected Larry S. Provo, vice president-finance, to the position of executive vice president of the North Western with such responsibilities as may be assigned to him from time to time by the company's chairman.

The board also announced that Clyde J. Fitzpatrick was not re-elected president of the North Western for reasons of health. Fitzpatrick became president of the North Western in 1956 when a new management, headed by Heineman took over direction of the railway.

Provo came to the North Western in 1956 as vice president and controller from the Minneapolis & St. Louis Railway.

Name Dr. Tanner Head Of MSU's Resources Dept.

EAST LANSING (AP)—Michigan State University has appointed Dr. Howard Tanner, chief of the State Conservation Department's Fish Division, as director of MSU's Natural Resources Department.

Tanner's appointment, approved today by the MSU Board of Trustees, is effective July 1.

Tanner, a native of Kalama-zoo, returned to Michigan two years ago after 12 years at Colorado State University and with the Colorado Game, Fish and Parks Department.

He has been a prime booster of the state's program to introduce salmon for sports fishing in Michigan.

Chips And Splinters

Contributions To Chips Welcomed

Robert Griffin of Traverse City has been a United States senator only since May 11, but he already may have blown the Chinese vote. He, or his operatives, appear to have tampered with an entire batch of Chinese fortune cookies—without intending to have them sold.

Customers at Sun Sai Gai restaurant, Grand Rapids major source of the little pastries, were complaining that instead of slips of rice paper inside the cookies, saying such intriguing things as, "Not yet, perhaps later," or "Give him your promise," etc., they were getting common old United States mimeograph paper bearing this message:

"Vote Griffin for U. S. Senator. He Will Be a Great One." Sun Sai Gai disowned the message.

Griffin's campaign headquarters at the Fort Shelby Hotel in Detroit admitted that fortune cookies bearing the Griffin message had been ordered and paid for from campaign coffers.

But manager Keith Molin said he was mystified how the cookies got onto the chow mein market.

"We're distributing these things far and wide, but it wasn't our intention to sell them," he said.

They were being given away at Griffin rallies, luncheons and similar events and, in large batches, to individuals, such as restaurant owners, who, it was intended, would give them away to customers.

"Selling them is not in accord with the methods of distribution we had in mind," Molin said. "It was not our intention to tamper with a commercial enterprise."

He suggested there might have been some confusion at the Chinese bakery.

Student Center

GRAND RAPIDS (AP)—Blessing and formal dedication of the new \$750,000 student center at Aquinas College are scheduled today with the Most Rev. Allen J. Babcock, bishop of the Catholic Diocese of Grand Rapids, officiating. The structure was financed by the Peter M. Wege Foundation and a federal loan.

Cynthia Safford

Margaret Soderberg

NORMAN SLOUGH, principal of Rapid River High School, announces Margaret Soderberg, valedictorian and Cynthia Safford, salutatorian of this year's graduating class. Margaret, daughter of Mr. and Mrs. Kurt Soderberg of Rapid River, has been class secretary for three years, attended Girl's State, was DAR representative and is art editor of the yearbook. She plans to enroll at the University of Michigan majoring in science and mathematics. Cynthia, daughter of Mr. and Mrs. Thomas Safford, has been president of her class for four years, vice-president of the student council and active in forensics 4-H work and journalism. She will enroll at Northern Michigan University this fall and major in Home Ec.

To Valley State

BAY CITY (AP)—Some 40 students from St. Paul Seminary at Saginaw will attend liberal arts courses at the new Saginaw Valley State College starting next fall, the Rt. Rev. Mons. James Hickey, rector, said Thursday. The seminarians will continue to take theological courses at St. Paul, he said.

CCI Director

Directors of Cleveland-Cliffs Iron Co., have elected Gregory S. DeVine of Lakewood, Ohio, a director to fill the vacancy created by the death of Walter J. Tuohy. DeVine is president of the Chesapeake & Ohio Railway and the affiliated Baltimore & Ohio Railroad.

PTA Officers Are Installed At Bark River

BARK RIVER—New officers were installed at the Bark River-Harris PTA meeting held Wednesday night at the elementary school. Officers installed were: president, Rev. Walter Nordin; vice-president, Francis Derocher; secretary, Mrs. Francis Gaudault; treasurer, Mrs. Hector Larson; historian, Mrs. James Anderson.

Richard Hendra, superintendent, reviewed the summer program which will be held June 13 through July 22.

He announced the closing of regular classes on Friday, May 27, with students reporting at the regular hour but with early dismissal. Kindergarten classes will dismiss on Thursday, May 26.

Lloyd Bruce, high school principal, reported on the University inspection of the Bark River-Harris High School. The report commended the teaching staff and work materials but stated the building is limited in space for improved equipment. Violations were a poor building and interior problems.

Members of the Escanaba Board of Education were introduced: Mrs. Clara Mosenfelder, Carlton Olson and Luther Barrett, superintendent Bark River-Harris Board members were: Carl Ahlin, Clarence Ray, Alex Jorasz and Steve Shiverski. All participated in a discussion with PTA members on the pros and cons of the proposed reorganization of the school districts which will be presented for vote on July 25.

A meeting for all voters in the area is planned for Thursday, July 14.

The Junior Class won the room award. Marvin Ray announced that the Bark River-Harris Booster Club fund now amounts to \$555. Lunch was served at the close of the meeting by the sixth grade mothers.

Garden Peninsula Cub Pack To Organize

The newly formed Cub Pack, sponsored by the Garden Parent Teachers Association, will hold an organizational meeting Tuesday at 8 p.m. Boys wishing to register as Cub Scouts must be accompanied by parent or responsible adult. All boys between eight and eleven years old are eligible to join the Pack.

Registration of Kindergarten pupils at the Garden School will be conducted Wednesday, May 25, at the Kindergarten room by Mrs. Eva Boudreau. It is requested that a parent accompany the child to be enrolled and present a birth certificate. Children must be five years of age before Dec. 1, 1966. Complete physical examinations and proof of immunizations are required before the child enters school in September.

Parents of the young men who were inducted into the Army, May 5, have been informed by them that the group is still together and will receive their basic training at Fort Knox, Ky. Also with them is Leader Roland Fountain of Manistique. Joe Jacques of Garden who has been stationed at Fort Knox since he suffered broken wrists in maneuvers several months ago, wrote to his family, "Seeing so many familiar faces around is almost as good as a visit home". In the group are Dennis Winter, William McDermott, Barry Rochefort, John Thill, and Jan Farley.

A plastic bag and a rolling pin makes it easy to turn bread or cookies into crumbs.

Mrs. Richard Collins (Ridings)

Carole M. Douck Wed To Richard W. Collins

Miss Carole Margaret Douck of Escanaba became the bride of Richard Walter Collins of Wells in a double ring ceremony performed today, May 21 at St. Joseph's Church in Escanaba.

The Rev. Fr. Jordan Telles, O. F. M. was celebrant of the double ring nuptial mass at 12 noon.

Gerald Koch, Edward McCarthy, Paul McCarthy and Joseph Pele, cousins of the bride, served the nuptial mass.

Parents of the bride are Mr. and Mrs. Carroll F. Douck, 1119 6th Ave. S., Escanaba and parents of the bridegroom are

Mr. and Mrs. John R. Collins of 208 N. 3rd St., Wells.

For her wedding, the bride chose a floor length gown of chantilly lace and silk over taffeta styled with long tapered sleeves and sabrina neckline. Tiny pearls encrusted the empire train and fitted bodice. Her shoulder length veil of silk illusion was caught by a tiered crown of seed pearls. She carried a bouquet of feathered white carnations and trailing ivy.

Matron of honor for her sister was Mrs. Robert Ferguson and bridesmaids were, Mary Douck, sister of the bride, Mrs. Evelyn Scheriff and Mrs. Joyce Carlson.

Radiant Blue

The attendants were attired in floor length fitted sheaths of radiant blue peau de soie styled in the empire line. They were detailed with bead trim and detachable court panels. They also wore matching pillbox headpieces with circular veils and carried bouquets of pink feathered carnations with trailing ivy.

Little Pamela Douck, sister of the bride, was flower girl and she wore a floor length gown styled identical to that of the bridesmaids. She carried a basket of feathered carnations, pompons and ivy. Jeffery Douck, brother of the bride was ringbearer.

Bestman for his brother was John Kroll and James Douck. Patrick Douck, brothers of the bride and William Collins, brother of the bridegroom, were groomsmen. Performing ushering duties were Robert Ferguson and Thomas Eugate.

Mothers' Attire

For attending the wedding and reception which is being held this afternoon and evening, from 3 to 7 p.m. at the Elk's Club, the mother of the bride is wearing an aqua dress of organza over taffeta with a matching rayon and linen coat and matching accessories. She was presented a corsage of bon bon pink roses.

Mrs. Collins is wearing an ensemble of cinnamon tone trimmed with all over white Schifflin embroidery. Her accessories are of muted shades of orange and green and she is wearing a tropicana rose corsage.

The rehearsal buffet was given at the home of the bridegroom's parents following the rehearsal Friday evening.

To Lower Michigan

The newlyweds will leave later this evening for their honeymoon trip to Lower Michigan and upon their return will reside at 804 Ludington St., Escanaba.

The bride is a graduate of Holy Name High School and Mr. Collins graduated from Escanaba Area High School.

Social-Club

Spring Luncheon

The Chicago & North Western Women's Club of Escanaba has been invited to the annual Spring Luncheon given by the C&NW Women's Club of Iron Mountain at 1 p.m. June 7 at the Chippewa Club. Reservations may be made with Mrs. George Anderson or Mrs. Clinton Priester by June 2.

William Winters Honored On Golden Wedding

GARDEN—Mr. and Mrs. William Winters, widely known residents of Vans Harbor, celebrated their golden wedding Saturday, May 14. An open house for the couple was held at the St. John Hall in Garden.

The Winters were married May 11, 1916 by Rev. Harold Heafield. Attendants at the wedding were Fern Olmsted and Ernest Rost, deceased. Fern Olmsted Thompson of Lansing was in attendance at the anniversary celebration.

William Winters was born in Vans Harbor, Sept. 14, 1888, the son of Mr. and Mrs. William Winters. He was engaged in commercial fishing and painting until his retirement. Mrs. Winters was born in Escanaba Feb. 22, 1896, the daughter of Mrs. and Mrs. William Foster. She lived in Escanaba for 17 years, coming to Vans Harbor in 1912 with her parents. Her father was the locomotive engineers for the Garden Bay railroad. The couple have one son Raymond who is an instructor at Bay de Noc Community College, Escanaba.

Over 300 relatives and friends attended the open house and the honored couple were presented with many greetings and gifts in remembrance of the occasion. Jane Tatrow was in charge of the guest book and Rosemary Tatrow cut and served the wedding cake. Mrs. Myrtle Killoran assisted in opening the gifts. The Evening Circle of the Congregational Church made the arrangements for the celebration.

Friends and relatives from out of town who attended the anniversary party were: Mrs. Mae Goodman, Mr. and Mrs. Douglas Walker, Mr. and Mrs. J. Bright, Raymond Winter, Escanaba; Mr. and Mrs. William Willis, Gladstone; Mr. and Mrs. Al Madden, Minneapolis; Mr. and Mrs. Don Lodholtz, Wausau, Wis.; Mrs. Robert McPherson, Rapid River; Mrs. Alice LaBelle, Flint; Mr. and Mrs. Adson Casey and daughters, Fred Olmsted, Mr. and Mrs. Ray Ranguette, Mr. and Mrs. Jules Rivard, Manistique; and Mrs. Fern Thompson, Lansing.

Top Ratings Awarded Rapid River Students

Rapid River's four junior high students received top ratings at the Solo and Ensemble Music Festival held at Newberry High School over the weekend. Contestants are given ratings of Division I-V. Rapid students receiving the Division I score were: Darryl Lindquist, son of Mr. and Mrs. Wallace Lindquist, Ensign, singing, "O, What A Beautiful Morning," from Oklahoma; Ruth and Regina Olson, daughters of Mr. and Mrs. Oscar Olson, Ensign, singing, "Barbara Allen"; Linda Jo Deneau, daughter of Mr. and Mrs. Harvey Deneau, Rapid River, with a piano solo, "Study" by Heller; and Carolyn Nelson, daughter of Mr. and Mrs. Hjalmar Nelson, Ensign, vocal solo selection "Feed the Birds" from Mary Poppins.

Eleven schools participated in the festival with Rapid River the smallest school to enter the event. Mrs. Robert E. Anderson is Rapid River music director. Judging the festival entries were Dr. Harold E. Wright, director of the music department at Northern Michigan University, Marquette and Rodney Cumberworth, vocal specialist from Traverse City.

Special Service Honors Graduates

BARK RIVER — A Fellowship evening sponsored by the Methodist Youth Fellowship to honor the high school graduates will be held at the Bark River Methodist Church on Monday, May 23 at 8 p.m.

Prantosh Nag of the Bay de Noc College faculty will be the guest speaker. A worship service will be conducted by the members of the M.Y.F. and Mrs. Richard Hendra and Mrs. Adolph Getzloff will sing a duet.

Lunch will be served and all church families and friends are invited to attend.

Homemaking Tips

No need to use deep fat for frying tortillas. You can fry them in a large deep skillet in hot fat that is about an inch deep; heat the fat to moderate (375) degrees.

When buying upholstered furniture, look for fabric that is rugged as well as attractive. Avoid fabrics with long, floating threads if the furniture is to get rough treatment. These threads tend to break and snag.

Hermansville Seniors Will Visit Chicago

Thirteen senior students from Hermansville High School will leave Thursday, May 26, on the annual class trip to Chicago. While visiting Chicago, the group will make their headquarters at the Palmer House. They will return to Hermansville on May 31.

The trip itinerary includes visits to the Art Institute, Shedd Aquarium, Adler Planetarium, the Chicago Police Department, Museum of Science and Industry, Historical Museum, a Boat Cruise, the Prudential Building, the Merchandise Mart, Brookfield Zoo, Maxwell Street, O'Hare Field, the stage show "Hello Dolly", Riverview, Baseball game, and Cinerama.

Chaperones for the group on the trip will be Donald Hill and Mr. and Mrs. Raymond Gurgall.

Church Events

First Presbyterian
Monday, May 23, 7 a.m. - Men's Breakfast group.

Bethany Lutheran
Monday, May 23 - Churchmen are asked to meet at the church at 6:30 p.m. to visit the Delta Nursing Home. Boy Scout Troop 408 will meet.

St. Stephen's Episcopal
The Rev. John A. Alford of Gladstone will celebrate Holy Communion at 8 a.m. Sunday. Dr. Charles Cole will conduct Morning Prayer at 10 a.m.

Births

SCHWAB — Mr. and Mrs. Curtis Schwab of Auburn, Ala. are the parents of a son, David Curtis, born May 19 at 8:24 a.m. He weighed 7 pounds and 11 ounces at birth and is the first child in the family. Mrs. Schwab is the former Mary Jacke.

PRYAL — A daughter, Nancy Jo, weighing 7 pounds and 9 ounces was born to Mr. and Mrs. Richard Pryal of 204 N. 14th St. Friday, May 20 at St. Luke's Hospital in Marquette. The infant arrived at 8:14 a.m. The mother is the former Jane DeBacker of Rock.

MR. AND MRS. Vernon A. Long of 1224 Superior Ave., Gladstone announce the engagement and approaching marriage of their daughter, Karen Marie, to William Longline, son of Mrs. Charles Longline of Wells and the late Charles Longline. Both young people are graduates of Holy Name High School. A June 4 wedding is planned by the couple. Delta Studios)

Powers-Spalding May Crowning

The May Crowning Ceremony was held at St. Francis Xavier Church on Sunday, May 15 at 2:30 p.m. Services began with a procession in church and the Living Rosary made up of Father Walter Franczek, altar boys and sodality girls. The newly confirmed girls were entered into the sodality and all took the Act of Consecration. Marie Klemp assisted by Mary Wells crowned the Blessed Virgin statue which was surrounded by potted plants. Benediction

of the Blessed Sacrament ended the festivities.

Graduation ceremonies will begin Sunday morning May 22, with church service for all the seniors. Following the 8:30 Mass, the Powers-Spalding Lions Club will serve breakfast to the seniors, their advisor, and the superintendent. This breakfast is also open to the public. Sunday evening, Senior Class Night activities will start at 8 in the school gym. Graduation is Thursday, May 26 at 8 p.m.

Buy and sell the classified way

College Dinner Dance Will Honor Graduates

The Bay de Noc Community College Student Government is sponsoring a dinner-dance at the Terrace on Friday, May 27. The music will be provided by the Solidaires, an eight piece orchestra from Green Bay. Dinner, which will honor the 1966 graduates, will be held from 7-9 p.m. and dancing will follow from 9-12 p.m.

Corsages will be provided at the door free of charge for those purchasing tickets in advance.

An invitation is extended to all persons who have attended or will attend Bay de Noc Community College. A special invitation is also extended to students of the area attending other colleges.

Tickets are available from any student government member or can be purchased in Room 17, Student Personnel of the college. Tickets may be reserved by calling ST 6-5802, extension 20.

Wooden spoons pay off in the kitchen. They eliminate the danger of burned fingers when hot food is being stirred.

Lee's Studios,
Escanaba

Judde Kutches and Matt Snyder, our bride and groom, are captured by the magic of photography in preparation of their most cherished dreams, the events, one-by-one, leading to the soft music of the wedding march as they approach the day to pledge their marriage.

Shopping together at the leading merchants of this area was a lot of fun for them, and they found all their needs with ease. On the following pages you will see Matt and Judde completing their plans and making their purchases from the excellent stocks in the Escanaba and Gladstone stores.

Sometimes alone, and sometimes together, the roving camera snapped the bridal couple at various times and places as they shopped.

Matt & Judde Look Over The Kitchen Appliances At Wards

Irving Houle, Appliance Salesman, Points Out The Many
Features Of The Signature Appliances At Wards

The huge selection of quality Signature appliances at Montgomery Wards will catch anybody's eye, and Matt and Judde are no exception. The young couple were surprised at the exceptional features which highlight Wards ranges and refrigerators, and of course the most

important feature of buying at Wards is the convenient terms upon which these appliances may be purchased. These include free delivery, nationwide service, no money down... 36 months to pay. Also, extended warranties are available on all appliances.

Your 'MULIC' Man Can Help You Build A Stronger Marriage

Richard Perlick Of Midwestern United Life Insurance Co. Talks Of A Good Life Insurance With Judde And Matt

When a young couple starts planning their future, one of the most important steps they can take is planning a proper life insurance program that will protect both themselves and their future children. Selecting the insurance that best fits each couple is not an easy decision and this is where your "MULIC" man enters the picture.

Perhaps the most important reason for the tremendous growth of Midwestern United Life Insurance Co. is the "tailored" insurance plans for young couples. Our representatives are trained to write policies that will give the proper amount of coverage with a cost to fit the most demanding budgets. Young or old, you'll be glad you discussed your insurance with your "MULIC" man.

Matt and Judde open an Insured Savings Account

Mrs. Isabel Klug Of The Escanaba National Bank Savings Account Department Opens Account For Matt And Judde

A smart start for any young couple... the joint savings account! It means so much to know, particularly when starting out, that a little set aside each week in an account soon adds up to quite a sum. Enough so that when an emergency or a necessity arises the couple knows they can draw from the account

to meet the occasion. There are many other reasons, of course, for saving systematically... such as the yearly vacation, the honeymoon, the children and their future. So Judde and Matt already know the secret to success... the all important savings account.

OPEN YOUR SAVINGS ACCOUNT HERE... TODAY!

Checking Account A Must For Good Budget Control

Judde And Matt Open A Checking Account With Assistance Of Mr. Tom Smith

Judde and Matt want to start on the right path financially, and here they hear the advantages of a joint checking account. The checking account is the basis for Judde's and Matt's plans to budget expenses, giving them an exact record of all they purchase. Both have already learned that a checking account

not only gives them a receipt for every bill they pay, but also preserves accounting and budget control. A young couple just starting out, determined to control their budget and organize their own banking with The Escanaba National Bank.

Judde Kutches Bride Of Matthew G. Snyder In Noon Ceremony Today

St. Thomas the Apostle Church in Escanaba was the setting today, May 21, for the Sacred Heart wedding of Miss Judde Helen Kutches and Matthew George Snyder.

The Rev. Arnold Thompson solemnized the double ring nuptial mass at 12 noon before an altar adorned with bouquets of white and American beauty shades of spring flowers.

The bride and her attendants are attired in all white for a Sacred Heart wedding ceremony.

The bride is the daughter of Mrs. John Kutches, 1607 Stephenson Ave., Escanaba and the late John Kutches. Parents of the bridegroom are Mr. and Mrs. George Snyder of 1213 11th Ave. S., Escanaba.

Silk Taffeta

The bride chose for her wedding a floor length gown of white silk taffeta fashioned with a basque bodice, modified sabrina neckline and long tapered sleeves. The very bouffant skirt ended in an extended circular chapel length train.

A two tiered pillbox fashioned with petals of peau de soie and outlined with pearls held her shoulder length bouffant veil of pure silk. She carried a large single cabbage rose in the American beauty shade.

Miss Karen Mahoney, a friend from Milwaukee was maid of honor for the bride and serving as bridesmaids were, Miss Kathy Smokovitch, Escanaba, a friend of the bride and Miss Betty Thorsen, Escanaba, also a friend of the bride.

White Crepe

The attendants were attired in floor length sheath gowns of white crepe fashioned with scoop necklines and elbow length sleeves. The empire waists were accented by two silk bows. The removable chantilly lace mantle chapel trains were delicately outlined in scallops. To complete their attire they wore white wrist length gloves.

Their matching circular veils of tulle were held by headpieces of rose petals surrounded by miniature cabbage roses. Each of the attendants carried an arm bouquet of American Beauty roses.

Serving as bestman for the wedding was James Peterson of Marquette, a friend of the bridegroom and groomsmen were, Jerry Bolm, Escanaba, a friend of the bridegroom and Steve Slosson of Saginaw, another friend of the bridegroom.

Seating the guests were, Tom Thomas of Minneapolis and Greg Yagodzinski of Escanaba.

Reception

A reception for 400 guests is being held this afternoon and evening at the Highland Golf Club. Centering the buffet table at the reception will be an arrangement of white pompons and snapdragons.

Assisting with activities at the reception will be, Martha Snyder and Jerry Kreger, cutting the wedding cake; JoAnn Buhr will preside at the silver coffee service and the guest book will be circulated by Joan Vinette and Nancy LaFleur. Miss Karen Christensen and the two bridesmaids will open and display the wedding gifts.

Mother's Attire

For attending the wedding and reception the mother of the bride chose a two piece beige nubbed linen suit with bone and green accessories and a corsage of white and green tinted carnations complimented her attire.

Mrs. Snyder wore a three piece pink linen suit with white accessories and she was presented a corsage of pink tea roses.

To The Southwest

When the newlyweds leave later this evening for their honeymoon trip to the Grand Canyon, New Mexico and Mexico the bride will wear a three piece double breasted camel colored classic suit with matching accessories.

Out of town guests are attending the wedding and reception from Muskegon, Milwaukee, Neenah, Menasha, Marion, Wis., Marshfield, Wis., Green Bay and St. Paul, Minn.

The bride is employed as a receptionist at Hannischfeger Corp. and Mr. Snyder is employed at the Mead Paper Co. in Groos. Both the bride and bridegroom are 1960 graduates of Holy Name High School.

Pictures By Lee's Studio Keep A Wedding Forever

Words cannot fully describe the important part pictures play in preserving a wedding forever. Only a skilled photographer whose sympathetic understanding of the little things you will want to remember can record your most important day the way you desire. Every young couple needs advice such as Dick Wiles gives about which moments to capture and how to pose.

PETITIONS FOR chartering of a Humane Society Chapter in Delta County were signed at a recent meeting at the Delta County Building. Signing the petition are, from left, Mrs. E. A. Hawkins, Humane Society caseworker, James Chapekis and Mrs. Dorothy Goodrider. Sheriff Cully Johnson, far left, also signed the petition but his bloodhound, though obviously interested in the proceedings, failed to qualify. (Daily Press Photo)

Stock Market Comes To Life

NEW YORK (AP) — The badly mauled Wall Street bull began to show a few signs of life this week and got in a few licks against his enemy, the bear.

It was the first time in three weeks that the stock market had been able to show two clear-cut rallies in a week. Still the market showed a loss based on most indicators, its fourth straight.

Thanks to selective gains by some of its 30 stocks, however, the Dow Jones industrial average emerged with a gain of .78 at 876.89. It was the first advance in a four-week stretch which saw weekly losses mounting to 20 and 30 points in the Dow.

It has been a bear (or declining) market since Feb. 9 when the Dow industrials reached their historic peak of 955.15 and began sliding. By the end of last Tuesday's session, the average had sunk 131.01 points, closing at 864.14.

The next day the market put on its biggest rally in 11 months. The Dow industrials climbed 14.36 points. Had the bottom been reached?

The answer was "no" from most analysts.

"It is not a bottom," said one expert. "This is a sharp technical rally. We have got to test this thing for a week or two."

Another said it might be "a temporary bottom." He added, however, that "we might have to see-saw for a while, back-and-forth, try to make a base."

When the next bull (or rising) market would get under way was anyone's guess.

Real Hair-Raiser:

'Indians' Plan Mock Massacre

MACKINAW CITY — The fourth annual reenactment of the Massacre at Fort Michilimackinac will be staged May 28, 29 and 30 at the exact location of the history-making events of 1763.

One hundred townspeople from this village at the south end of the Mackinac Bridge are preparing their costumes and studying the action for the lively spectacle which will attract perhaps 25,000 people to the Straits of Mackinac.

The village has a tremendous historical asset to start with. The State of Michigan has rebuilt Fort Michilimackinac in the exact form and location it

had in the year of the massacre. Every building is authentic. One hundred forty thousand adults and thousands of school children visited its extensive exhibits in 1965, and it will open for the season this May 28.

In 1763, as part of Chief Pontiac's conspiracy to capture all British forts around the Great Lakes in simultaneous attacks, Indians set up encampments near Fort Michilimackinac and announced their intention of playing intertribal games of bagatelle, or lacrosse as it is now called. The unsuspecting garrison watched the games with interest, many soldiers wagering on the outcome.

On the final day of the games the Indians played closer to the open fort gates. At a signal the ball was knocked toward the gate. The Braves dashed after it, grabbing knives and tomahawks their squaws — standing near the gate — had hidden under their robes.

It was soon all over for the British. Twenty-one soldiers were slain and scalped and most of the rest were taken captive. French traders and residents were not harmed.

Although the British later recaptured the fort, it was regarded as too dangerous to maintain, and by 1780 the British had moved to a new stronghold on nearby Mackinac Island, where Fort Mackinac is still maintained by the State of Michigan.

On the mainland, Fort Michilimackinac decayed. But in 1959 reconstruction was begun, based on extensive excavations and researches into old records. Some building is still proceeding, as exacting studies make complete accuracy possible.

So on May 28-30 this year warwhoops will again resound as the events of 203 years ago are recreated. In addition to the bagatelle game and massacre, which will be staged at the fort each afternoon at 2:30, related entertainment will be offered each day: championship muzzle-loader rifle shoots attracting some of the best marksmen in the Midwest, Boy Scouts exhibitions, Order of the Arrow Indian dances, performances by the Chick-a-gami Paleface Indian Maidens, skin diving exhibitions by the British Sub-Aqua Club and a grand parade.

Friends may call at the Kelley Funeral Home beginning at 4 p. m. Sunday. Masonic rites will be conducted at the Funeral Home at 8 p. m. Sunday.

James T. Jones Funeral Rites Set For Monday

GLADSTONE — Funeral services for James T. Jones, retired business and civic leader, who died Friday at St. Francis Hospital in Escanaba, will be held at 2 p. m. Monday at the Kelley Funeral Home here.

The Rev. Clifford DeVore, pastor of the Memorial Methodist Church, will officiate at the service. Burial will be in Fernwood Cemetery.

Friends may call at the Kelley Funeral Home beginning at 4 p. m. Sunday. Masonic rites will be conducted at the Funeral Home at 8 p. m. Sunday.

Hospitality Day Baby Welcomed

Friday was Hospitality Day of Michigan Week, and Delta County's "hospitality baby" is Colleen Marie Jones, the daughter of Mr. and Mrs. William Jones of Gladstone Rte. 1.

Colleen was born at 12:10 a. m. Friday in St. Francis Hospital and mother and daughter

"are doing fine," reports Sister N. Hildegard, Hospital administrator.

Mr. and Mrs. Jones have two other children, Connie Beth, 10, and Dale Allen, 7.

Welcoming the Hospitality Day baby to the community were Michigan Week officials, the Chamber of Commerce and cooperating merchants and the Hospital with the presentation of gifts.

Robert Barron is chairman of Hospitality Day, and Walter Lewke, Escanaba Chamber of Commerce manager, represented the merchants in presenting Mrs. Jones with gift certificates.

The St. Francis Hospital administration announced that the Hospitality Day mother and child will receive free room and care for one day, or its equivalent.

Merchants cooperating in the Chamber's Retail Division with gifts to Mrs. Jones, mother of the Hospitality baby, are:

Bisbee Drug Store, Fair Store, Goodman Drug Store, Kroger's, Montgomery Ward, Penney Store, Peoples Drug Store, Thyberg Jewelry Store, West End Drug Store and Woolworths.

Uncertainty Is Only Certainty In S. Viet Nam

By JAMES MARLOW

WASHINGTON (AP) — A country with a fever. The one certainty about South Viet Nam is its uncertainty, no matter how optimistic the Johnson administration sounds about it.

There had to be a showdown there between the military government and the Buddhists who want to topple it while the United States is busy trying to defend it against the Communists.

Premier Nguyen Cao Ky, who met with President Johnson in Honolulu last February, forced the showdown over the weekend when troops loyal to him seized Viet Nam's second largest city, Da Nang, a Buddhist stronghold.

This could mean civil war, and a bloody one.

The Johnson administration appeared deeply disturbed and said it had no foreknowledge of Ky's action. Johnson met repeatedly with his top aides. Then late Monday a high U.S. official said he doubted there would be civil war.

He would not let his name be used but met with newsmen after a late Monday conference between Johnson and his aides, including Henry Cabot Lodge, U.S. ambassador to Viet Nam.

But this official's optimism turned out to be limited. While he didn't expect war now, he said he foresaw a long period of instability — while the United States was still trying to keep out the Communists — but hopefully thought this might evolve into stability.

And this gets back to a basic question:

If no civil war now, what about later? The country has been more or less chaotic for years. While Ky may get away with his showdown now, no one can predict there won't be a blood bath eventually.

The South Vietnamese have never had democracy. Their concern, as they have demonstrated it, has never been so much for the national interest as for the interest of special groups.

Canada Ponders Enlarged Locks In Welland Canal

OTTAWA (AP) — The Canadian government is considering building bigger locks at the Welland Canal connecting Lake Ontario and Lake Erie, it announced Friday.

One official said the new locks would mean an entirely new canal up the 300-foot Niagara escarpment.

Announcement of the government project was made by Transportation Minister John Pickersgill, who gave no firm estimate of the cost. Informants said it might run to around \$250 million.

Earlier, Pickersgill told the House of Commons that the government has given the go-ahead for another plan to cut a new 8½-mile bypass canal around the city of Welland.

This bypass will cost an estimated \$107 million, take five years to complete, and will cancel out the \$180 million twin-lock program on the existing 27-mile canal, he said.

Dr. Pierre Camu, president of the St. Lawrence Seaway Authority, said new locks would mean construction of an entirely new canal up the escarpment.

Contracts worth about \$45 million already have been awarded for the twin-lock project, started late in 1963. This work would not be wasted because it involves essential modernization of the existing canal, officials said.

"It will take us at least five years to build new locks," Dr. Camu told a news conference. The early twinning work would help to speed up traffic through the existing locks in the interval, he added.

Dr. Camu said it is almost certain that a new canal would involve the construction of larger locks able to handle vessels well beyond the 730-footers which now are the largest the seaway can handle.

Although the island of Madagascar lies only 250 miles off Africa's coast, anthropologists believe its original inhabitants came from Melanesia and Indonesia 4,000 miles away.

GM's Owners Told Sales Up

DETROIT (AP) — General Motors car sales, which dipped in the opening 10 days of May, appear to be "looking up a bit" in the second 10 days.

That was the word from General Motors President James M. Roche Friday in a brief interview after the GM annual shareholders meeting.

Board chairman Frederic G. Donner told some 1,800 stockholders at the four-hour meeting, "We will have our pauses and possibly our dips" in sales but he said GM's long range sales outlook was good.

Donner predicted that the U.S. market, which absorbed 10.5 million cars and trucks in 1965, would reach the 13 million figure by 1975.

Henry Ford II had told Ford stockholders a day earlier that the 13 million goal would be attained by 1970, five years earlier than Donner's estimate.

Stockholders centered much of their questioning on the March disclosure that GM had hired private detectives to shadow auto industry critic Ralph Nader.

In answer to questions from Mrs. Wilma Soss of New York, president of the Federation of Women Shareholders in American Business, Donner said he had no knowledge of the spying incident until it broke in the press.

He ruled Mrs. Evelyn Davis of New York, another familiar figure at stockholders' meetings, out of order when she asked why GM had not fired its general counsel, Aloysius F. Power, as an aftermath of the Nader incident. She suggested Sen. Ribicoff should be given Power's job.

Mrs. Davis nominated Nader for a seat on GM's 25-man board of directors but he was snowed under as the management slate piled up over 232 million votes each while Nader got only Mrs. Davis' 217 votes.

Gurosh will receive a trusteeship scholarship and education grant to Michigan State University; Hooker a Sears, Roebuck scholarship and an opportunity grant toward a degree in Fish and Game management at Michigan State; and Pilon a University of Michigan Regents' Alumni scholarship, a Michigan Higher Education Assistance Authority scholarship and a U-M educational grant.

Guenette and Miss Kutia receive tuition scholarships from Bay de Noc Community College.

Monastery Now Atheism Museum

KIEV, U.S.S.R. (AP) — The 900-year-old Pechersk monastery, second holiest spot in Mother Russia, is now a museum of atheism.

A tour through the catacombs and golden-domed churches of the vast monastery, built on rolling green hills overlooking Kiev, is a graphic lesson in how to turn a religious center to atheistic propaganda.

Talks with Kiev people, however, indicate many still believe what the Soviets officially dismiss as religious myths.

The refectory, where the monks used to eat, shows pictures of Soviet cosmonauts. A sign says, "Religion is the enemy of science."

A display under the sign tells the story of the Italian astronomer Galileo who was censured by the Church in the 17th century for maintaining that the earth revolves around the sun.

Another museum hall carries the sign, "Religion is the opiate of the masses — K. Marx."

The monastery, built in 1051 when Kiev was the capital of Russia, has a long history of suffering.

It was hit by an earthquake in the 12th century, a Tartar invasion in the 13th, a fire in the 17th, Nazi destruction during World War II. It has been closed twice by Soviet authorities.

Still, the four guide notes with pride that, of 2,500 monasteries in 17th century Russia, this was one of only four given the title of Lavra, a word meaning large and populous.

Many Firms Change Names

NEW YORK (AP) — More than 30 corporations listed on the New York and American Stock exchanges have shed their old names this year.

They hope the new ones will reflect new images, stress certain products or celebrate mergers.

The Hercules Powder Co. changed its name to Hercules Inc. because the powder product for which the company was named in 1912 now constitutes less than 10 per cent of sales.

The Sweets Co. of America Inc., makers of Tootsie Roll Industries, Inc. so prospective stockholders would know they were not getting involved with just any old sweet.

Other name changes this year included: on the American Stock Exchange, Muskegon Piston Ring Co. to AP Parts Corp., and on the New York Stock Exchange, Wolverine Shoe and Tanning Corp. to Wolverine World Wide Inc.

Cuba Hero Dies

WASHINGTON (AP) — Gen. Generoso Campos Marqueti, 94, one of the last heroes of Cuba's war of independence, died Thursday. He lived in Miami and died in Washington where he had planned to observe Cuba's independence anniversary Friday.

Hospital

Mrs. Esther Wickstrom of Bark River is a patient at St. Francis Hospital, room 343.

GLADSTONE New 'Speed-Up' Brings Slower Data Processing

Driver Injured When Car Rolls

Lyle F. Steede, 24, of Rte. 1, Escanaba, was injured at 4 a.m. today when he lost control of his car and rolled over off County Rd. 521 in Ford River Township.

He was taken to St. Francis Hospital by ambulance and is reported in fair condition with numerous head and facial lacerations.

State Police said the accident happened 3 1/2 miles west of M-35. Steede's car went off the right side of 521, struck a culvert, went back across the road and rolled over off an embankment, troopers reported.

Steede was alone in the car. Troopers also investigated a minor accident on Main St. in Powers at 3:15 p.m. Friday. Walter Fazer, 43, of Powers, told officers he turned his car trying to avoid a dog which ran out in front of him, skidded on gravel and struck a power pole. Fazer was not injured.

Traffic summonses Friday were issued to Leonard E. Luchay, Rte. 2, Bark River for speeding, and Floren Mott, Rte. 2, Bark River, improper registration plates.

Five New Deans

MUSKEGON (AP)—Appointment of five new deans for the Episcopal Diocese of Western Michigan was announced at the 92nd annual diocesan convention here this week. They are:

Lakeshore Deanery: the Rev. Maurice Kaser of Whitehall; St. Joseph, the Rev. James C. Holt of Kalamazoo; Eastern, the Rev. Charles James of Battle Creek; Traverse City, the Rev. Dudley Burr of Petoskey, and Grand Valley, the Rev. Lester B. Thomas of Grand Rapids.

Obituary

JOSEPH A. LARSON

Funeral services for Joseph A. Larson of Gladstone were held at 2 p.m. today from the Kelley Funeral Home, with the Rev. Reuben Carlson officiating. The pallbearers were Henry, Stanley, Clement, Robert and Melvin Larson, and Marvin Johnson. Burial was in the family lot at Gardens of Rest Cemetery.

Perkins

PTA Officers

New PTA officers for the coming year are: Mrs. Ralph Clausen, president; Mrs. Girard VanDamme, vice-president; Mrs. Don Smith, secretary; Mrs. Maynard Lamberg, treasurer and Mrs. Elsie Aasen, historian.

4-H Meeting

There will be a 4-H meeting June 1 at the Perkins Legion Hall for planning summer projects. Mrs. Alex LaChance, Mrs. Doris VanDamme and Napoleon Sharkey will instruct.

Mr. and Mrs. Walter Trudell and family traveled to Crystal Falls on Saturday to attend the wedding of Mr. Trudell's sister. Don Smith will be home Wednesday to attend his daughter, Karen's graduation.

Senior Banquet

The Senior Banquet was held in the Perkins gym on Saturday, May 14. The meal was prepared by Mrs. N. Sharkey and Mrs. Carlson and was served by the junior and sophomore mothers. Mothers of the seniors were presented with corsages.

Class night activities followed the banquet and two special athletic awards were presented: Gary Simanson, best all around athlete and Art VanDamme, basketball free throw. Varsity and Junior cheerleaders were also honored and the class prophecy was read.

Giant panda bears don't flourish well in captivity. Only eight are known to be living in zoos — four in Communist China, one in England, one in Russia and two in Korea.

By CLINT DUNATHAN
Not all change spells progress. Witness the speed-up that has slowed down the reporting of information on tonnage figures for ports on Lake Michigan.

There is considerable interest in Escanaba and other port cities knowing what their waterborne commerce tonnage is annually.

For example, Escanaba's 1964 port tonnage was third highest on Lake Michigan — only slightly below Gary, Ind., and considerably above Milwaukee, Wis. The figures are important in showing economic trends and in evaluating industrial prospects.

Much Later
The 1964 tonnage figures were available for publication through the Corps of Engineers, U. S. Army Engineer District, Chicago, in February, 1965.

But what about the 1965 tonnage figures? The Escanaba Daily Press made a routine request for the tonnage figures for Escanaba and other Lake Michigan ports at the close of 1965. The Corps of Engineers replied on Feb. 1, 1966.

"This is to inform you that as the result of internal reorganization, within the Corps of Engineers and conversion to a

Germfask

Mrs. Elda Bonham of Fenton, is visiting at the home of her sister, Mrs. Leonard Shay and family and also visited her father, Richard Decker, who is a patient at the Schoolcraft Memorial Hospital at Manistiquette.

Thurman Skarritt, Ted Skarritt and son, Lonnie Skarritt, traveled to Utopia, where they visited the home of Mr. and Mrs. James Sadler and children. Mrs. Thurman Skarritt, who had been visiting at the home of her daughter, returned home with them.

Mr. and Mrs. Earl Smith of LaPeer are spending a few days at their home here.

Eugene Nesler of Garden City spent a few days at his home here.

Birth

Word was received of the birth of a daughter to a former resident and her husband, Mr. and Mrs. Harold Stokes of Belleville, Mich. on May 14. Mrs. Stokes is the former Tony Dianne Zawada. Grandparents are Mr. and Mrs. Anthony Zawada of Germfask and Mr. and Mrs. Donald Stokes of Newberry.

The Germfask Grange 1886 will hold a business meeting Saturday, May 21 at the Germfask Township Hall at 8 p.m.

A dance for the benefit of the Cancer Fund will be held Saturday night, May 21 at the Jolly Hall. An Educational Day in conjunction with Michigan Week was observed Thursday, May 19 at the Germfask Elementary School.

The Germfask School baseball team were victorious over the Gould City team by a score of 14 to 4 on Friday, May 13.

The Germfask Centennial Committee will hold a business meeting Sunday, May 22, at the Germfask School at 2 p.m.

Mr. and Mrs. Clyde Latsch have returned to their home at St. Charles. While here they were guests of Mr. and Mrs. Roy Brock and family. They also visited with his mother, Mrs. Josie Latsch and his sister, Mrs. Elmer Brock and family at Hiawatha.

Mr. and Mrs. John Zitnick and children, who visited her parents, Mr. and Mrs. Ted Ackley have returned to their home at Paw Paw, Mich.

Cornell

Birthday Party

Mrs. Robert Dahl and Mrs. Alfred Dahl Jr. were honor guests at a party honoring their birthdays, held at the Alfred Dahl Sr. home on Tuesday evening. Games were played and prizes awarded to Mesdames Wilfred Mattson, John Anderson, Earl Aiken, Henry Rose and Monroe Harrison. A white birthday cake with pink roses centered the buffet lunch table. Money gifts were presented to the honor guests. Others in attendance were Mesdames Alfred Dahl Sr., Carl Frans, Warren Rose, Axel Carlson and John Backlund.

A3c Gary Carlson, son of Mr. and Mrs. Frank Carlson of Cornell is at home on leave from the U. S. Air Force. Gary is stationed at Keesler Air Force Base in Mississippi.

CCI Dividend

Directors of Cleveland-Cliffs Iron Co. have declared the regular dividend of \$1.125 per share on the preferred stock, payable June 15. A quarterly dividend of 60 cents per share was declared on the common stock, payable June 15.

new type of processing equipment, it is not anticipated that the 1965 tonnage figures for Lake Michigan ports will be available, before the latter part of this year.

No Encouragement

The Daily Press then asked the Corps of Engineers: Is there no other source for this information? Can you refer us to some other agency? Do we have to wait almost a year for the figures?

Under date of March 1, 1966 the Corps of Engineers replied sorry, no dice — "However, it is possible that local Port Authorities at the various harbors may be of assistance."

This was small help indeed, since Escanaba and most harbors on Lake Michigan do not have Port Authorities.

There's an old American proverb to the effect that when involved in the government tangle, write to your Congressman.

Congressman Falls

The Daily Press under date of April 25 received from Rep. Raymond F. Cleveland a letter that shed some light on the difficulty but in no way broke the statistical barrier.

"I have been trying to get the figures you requested, and I am having the same problem you did," he confessed.

"I got the figures for 1964, but it seems that all the data for 1965 has been taken to New Orleans to be data-processed. That's the 'new equipment' you mentioned. The information is being transferred to punch cards and apparently it is impossible to break into this process," Rep. Cleveland wrote.

Under date of May 11 Rep. Cleveland forwarded to the Daily Press a letter and two page report from H. G. Woodbury Jr., Brigadier General, USA, Acting Director of Civil Works, which further explained the accelerated processing that was slowing down the reporting. It is, wrote Woodbury, "due to a major change in the organization and facilities that compile the waterborne commerce statistics."

Eight Months Slow
"We are currently in the process of consolidating our waterborne commerce statistical workload without increasing costs," he continued. "In doing this we expect to realize the gains resulting from the use of more flexible and larger-capacity automatic data processing equipment. This Statistical Center was established last September in New Orleans, La."

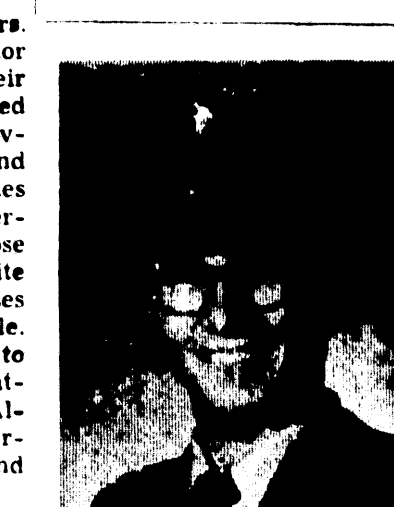

Rep. Cleveland is continuing to be helpful, however, and said he was "sorry the information is not more complete."

"If you wish I will make a further inquiry so that just as soon as figures are available I can get them to you," the Congressman promised.

The Corps of Engineers says it will be the latter part of this year before they will have the figures ready. With the processing speed-up in effect, that's some eight months later than last year and almost a full year after the books were closed on the tonnage record for the 1965 calendar year.

Understanding Is 4-H Meet Theme

EAST LANSING—"Destination-Understanding" is the goal of more than 1,000 4-H'ers from all over Michigan who will attend the 49th annual 4-H Club Week at Michigan State University, June 15-18. Understanding the communications process, understanding through involvement, and world understanding by relating the skills of "getting along" to people of other cultures will be the responsibility of the delegates.

BASIC TRAINING has been completed by Richard J. DeLoughary at Fort Gordon, Ga., and he has been assigned to Sam Houston, Texas, where he will enter the field of medicine. Presently he is home on a 14-day furlough visiting his parents, Mr. and Mrs. Edward DeLoughary of Powers.

Dr. Sabrosky Is Kazoo Speaker To Academy

KALAMAZOO (AP)—Kalamazoo College will hold its spring commencement exercises June 12. Dr. Curtis W. Sabrosky, a U.S. Agriculture Department scientist and 1931 graduate of Kalamazoo, will speak at a commencement dinner June 11 and will receive an honorary degree.

Garden Peninsula

School Board

Nomination petitions of candidates for the school board were reviewed. Dale Carley, Dale Watchorn and Shirley L. Turek are seeking the two four year terms as trustees and Charles Rasmussen, the two year trustee term.

Appointed to the school election canvassing board were Herb Plante, Mrs. George Coppess, Mrs. Norman Rochefort, and Mrs. C. Blowers.

Bonard Tatrow and Larry Lundell were appointed to survey the school and determine the extent of renovation during vacation. The next board meeting is scheduled for June 6.

Nahma

Card Party

St. Ann Altar Society sponsored a card party at the club house Sunday evening. Prizes were awarded to Mrs. John Schwartz, Mrs. Fred Popour, Mrs. Maurice LaVigne, Richard Segerstrom and Mrs. Victor Thibault. Mrs. James Krutina received the guest award. Lunch was served by Mrs. Ivan Schaefer, Mrs. Joe Seifeik, Mrs. Adrian Hebert, Mrs. Ed Sheedlo, Mrs. Maurice LaVigne and Mrs. Rosario Groleau.

Women's Club

The Women's Club held their monthly meeting at the club house Tuesday evening. After a short business meeting cards were played and prizes awarded to Mrs. Fred Popour and Mrs. Allen Mercier. Lunch was served by Mrs. Harvey DeRosier, Mrs. Fred Popour and Mrs. Elizabeth Sly.

Mrs. Fred Olmsted returned home Tuesday after spending the winter with her children in Lombard, Ill. She was accompanied home by her daughter, Mrs. Dick Marquart.

Mr. and Mrs. George Krutina, Mr. and Mrs. Tim Krutina and James Krutina Jr. of Milwaukee spent the weekend with their parents, Mr. and Mrs. James Krutina Sr.

Birth

Mr. and Mrs. Robert Bingham of Romeo, Mich., are the parents of a son, Duane Robert, weighing 8 pounds and 5 ounces, born Monday, May 16 at Mount Clemens Hospital. Mrs. Bingham is the former Ann Turek. Paternal grandparents are Mr. and Mrs. Harley Bingham of St. Jacques and Mr. and Mrs. Francis Turek are the maternal grandparents.

Powers-Spalding

Senior Banquet

The senior class of Powers-Spalding High School enjoyed an evening out together at a banquet at the Silver Dome in Marquette on Monday evening, May 16 from 5 to midnight. Faculty and their spouses were guests. Thirty-five students and twenty teachers enjoyed a family style chicken dinner, bowling, swimming and dancing. Teachers provided transportation.

FHA Meeting

The Future Homemakers of America held an open house at the Powers-Spalding High School on Tuesday evening, May 17. President, Marie Kleinkamp opened the meeting and introduced the four F. H. A. girls who attended the convention meeting in Grand Rapids. They were Linda LeBoeuf, Mary Behrend, Joyce Kirschner and Karen Veraghen. The girls were accompanied by their advisor, Mrs. Inez McChalk and Mrs. Walter Veraghen who furnished transportation.

Mrs. Veraghen was presented with two gifts from the club. Mrs. McChalk gave a general report on their trip. Song leaders, Paula Murray and Dorothy Fleetwood led the group in singing.

An impressive candle lighting ceremony preceded the installation of the new officers: president, Christine Marcantonio; Penny Hawrylow, secretary; Marlene St. John, treasurer; Linda LeBoeuf, parliamentarian; Juanity Hafeman, historian; Paula Murray, reporter; Kathy Marsicek, song leader; Rosalie Drazie, pianist. Each officer was presented a red rose symbolizing FHA.

St. Francis Xavier Church has just recently acquired 30 acres of the Fazer property adjoining the Parochial School. Fifteen of these acres will be turned into a school forest.

Last week all of the students participated in the tree planting project. Each child planted ten trees. The trees were purchased from Irving Hafeman and the Wyman Nursery of Manistiquette.

Margaret Bernier

Jeanne Thill

MARGARET BERNIER, daughter of Mr. and Mrs. Gerard Bernier, Garden, is the valedictorian of Garden High School for 1966. During her four years in high school Margaret earned a 3.77 grade-point average. Her extracurricular activities included French Club, National Honor Society, Annual Staff and class plays. Margaret plans to attend Northern Michigan University next fall. She is the recipient of the following scholarships: Michigan Higher Authority and the Lakehead Pipeline Company. Jeanne Thill, daughter of Mr. and Mrs. William Thill, Fayette, is the salutatorian. Jeanne's grade-point average is 3.51. French Club, National Honor Society, Annual Staff, and class plays were among her school activities. She plans to attend Bay de Noc College this fall.

Forrest Ends Long Career With Cliffs

Cleveland-Cliffs Iron Co. today announced the following organizational changes: J. S. Wilbur, senior vice president, will become executive vice president; D. R. Forrest, vice president-forest products administration, will retire; R. W. Taber, assistant to the president, will become vice president-administration, succeeding Forrest; T. E. McGinity, assistant treasurer, will become assistant to the president and R. G. Jones, manager of the Insurance Department, will become assistant treasurer.

Wilbur graduated from Yale in 1933 and joined the Union Carbide Co. as a sales representative. He is a director of Cliffs, Lamson & Sessions Co., and Society National Bank of Cleveland.

Forrest, who rounds out almost 50 years of service with Cliffs, was born in Glasgow, Scotland. The family moved to Cleveland when he was 15 and he joined Cliffs in 1917 as office boy. In 1956 he was named vice president-forest products-administration and Cliffs' Forest Center operations near Munising were named for him.

Softball Season Opens With Tilt Sunday; Six Teams In 1966 League

The Escanaba Softball Association will open the 1966 season Sunday afternoon with an American League game at Memorial Field starting at 2. Clashing in the season opener will be the Merchants and Flat Rock.

Clarence Konas, president of

the Escanaba association, announced that a single game will also be played Monday night at 7:30, matching Bero Motors against Michigan Hotel.

Rounding out the league this season will be Mead No. 3 and a team sponsored by Teamsters and managed by Ron Johnson.

Other team managers this year will be Don Martineau of the Merchants, Ken Smith of Flat Rock, Bill Rodman of Bero's, John Picard of Michigan Hotel and Levi Young of Mead.

"The diamond at Memorial Field is in tip top shape for the season opener," Konas stated. "We have held several workbees at the field and every-

thing is set for Sunday."

Konas announced that the schedule of games each week will have one game Monday night, two Tuesday, one Wednesday and two Thursday.

"When the new junior softball league is organized we will schedule their games on Monday and Wednesday nights to fill in the American League schedule," Konas explained.

Konas also announced that when the schedule is listed each week, the second team in the list will be the home team. That will eliminate the flip of the coin prior to the games.

In addition to regular league games throughout the season, Escanaba will again be host to the Invitational tournament in July, the City tournament, district tournament and the Upper Peninsula Class B championship tournament which will be staged at Memorial Field in August.

Ohio State Near Crown

By The Associated Press. Undefeated Ohio State all but clinched the Big Ten baseball championship Friday with a 6-4 victory over challenging Minnesota.

The defending champion Buckeyes rallied for four runs in the eighth inning while taking advantage of Gopher errors to record their sixth victory in as many conference games.

Steve Arlin went all the way for Ohio State. He walked 7 and yielded 8 hits but struck out 13 in boosting his record to 8-1 overall.

The loss left Minnesota in second place with a 9-2-1 record and all Ohio State needs for a second straight title is a split with Iowa Saturday.

Ishpeming Cops GLC Golf Title

NEWBERRY—Ishpeming captured the Great Lakes Conference golf championship here Friday by topping a field of six schools with 350 strokes.

Competition was so tight that Gladstone, finishing sixth, was only 20 strokes off the winning pace with a 370 team score. Soo was runnerup with 353 followed by Manistique 354, Munising 365 and Newberry 368.

Meet medalist was White of Soo with a 40-39-79. Clement of Ishpeming shot an 81 and Tom Stadel of Gladstone an 82 on rounds of 42-40. Low individual round of the meet was a 38 by Kelly of Manistique.

Rounding out the Gladstone team were Mark Goodman with 43-43-86, Bob Mackie 52-48-98 and Bob Stadel 51-53-104.

Hunt Continues To Blast Giant Pitching Staff

By The Associated Press. Headaches? Ron Hunt probably gave Herman Franks another one but Milt Pappas' probably cleared one of Don Heffner's.

Hunt, the New York Mets' scrappy second baseman, continued to shell Franks' pitching staff Friday night, collecting two singles and a homer and driving in five runs in a 7-5 victory over San Francisco that sent the Giants down to their fifth loss in the last six games.

Hunt gave Franks a headache in New York last weekend when he collected eight hits in 14 trips to the plate as the Mets took two out of three from San Francisco and snapped the Giants' winning streak at 12.

The scene has shifted to San Francisco this weekend, but Hunt picked up where he left off, reaching base every time he batted, and he slugged the key blow, a three-run homer in the eighth inning that broke a 4-4 tie.

At Cincinnati, Pappas showed up at the ball park with a headache, so Heffner tapped Joey Jay to start for the Reds. He worked like an aspirin tablet on Heffner, probably pitching himself back into the starting rotation in a 5-3 victory over St. Louis.

Jay had to leave in the eighth inning when he ran out of

Clay Lightest Ever At 201½

LONDON (AP)—World heavyweight champion Cassius Clay weighed 201½ pounds for his world heavyweight title defense against British champion Henry Cooper tonight. The Briton weighed 188 pounds.

So Clay, the 6-1 favorite, had a weight advantage of 13½ pounds.

Clay's weight was his lightest since he won the world crown. He has trained to be even faster than usual for this fight.

Spartans Eye Outdoor Crown

BLOOMINGTON, Ind. (AP)—Defending Michigan State will try to turn away a strong challenge by Iowa today in the finals of the 66th annual Big Ten outdoor track and field championship.

Michigan and Wisconsin also could make a good bid. In trials Friday, Michigan State and Michigan moved athletes into nine places while Iowa and Minnesota had seven and Wisconsin, Illinois and Indiana five.

Defending titlist Gene Washington of MSU led 120-yard hurdles qualifiers into the semifinal heats which will be held today before the finals. His time was 1:41, one tenth of a second off the record.

Two finals of the 15-event program were decided during the preliminary phase. Bob Donnelly of Michigan won the discus with a toss of 166 feet 5 inches. Tom Atkinson of Wisconsin took the long jump with 24-8. Defending titlist in this event, Jim Garrett of MSU, finished third.

Wisconsin got a second place in the discus by Gary Crites, and the Badgers entered today's roundup with 9 team points. MSU has 6 followed by Michigan with 5, Minnesota 4, Iowa 3, Illinois 2 and Ohio State 1.

Orioles Snap Bat Slump Split Doubleheader With Tigers; McAuliffe Hero

BALTIMORE (AP)—The Baltimore Orioles snapped out of a prolonged hitting slump with such a vengeance Friday night that even a second-game loss in the two-night doubleheader couldn't tarnish their performance.

The Orioles, who had struggled with a .181 team batting average while losing seven of nine previous games, rapped out 21 hits including five homers while splitting the Tigers.

Baltimore won the opener 8-4 as Frank Robinson led a 13-hit attack with a homer and single and three runs batted in. Andy Etchebarren also homered, and Russ Snyder collected three singles and a pair of RBIs.

Detroit won the nightcap 9-5 after taking a 5-0 lead in the first three innings and then clinching the victory with a four-run rally in the seventh capped by Dick McAuliffe's three-run homer.

The final Detroit rally started after reliever Moe Drabowsky struck out the first two batters. Don Demeter then lined a drive to right field which Frank Robinson dropped after a short run. A double by Jim Northrup, an intentional walk and McAuliffe's homer followed.

Robinson said later he should have caught the ball hit by

Crusaders Win Golf Contest

The Holy Name Crusader golf team took top honors in a triangular meet at the Escanaba Country Club Thursday coming in with 747 strokes against 782 for Marinette Catholic Central and 863 for Gladstone.

Bill Peltier shot a blazing 72 by matching par on both rounds for a 36-36. Joe Snow was six strokes off the medalist pace with a 40-38-78.

The other golfers and their scores: Holy Name—D. Delforge 44-46-90; T. Guay 53-49-101; P. Ross 44-45-89; R. Ryan 47-47-94; R. Simmons 60-45-114; G. DeMars 52-57-109.

Gladstone—Mark Goodman 47-44-91; Tom Stadel 48-48-96; Dennis Livermore 58-53-111; Bob Stadel 57-53-110; Bob Mackie 49-50-99; Jim Murphy 57-55-112; Jim Baldwin 66-62-128; Scott Stadel 58-58-116.

Eastern Back In IAC Loop

DE KALB, Ill. (AP)—Eastern Michigan University was accepted back in the Interstate Intercollegiate Athletic Conference Friday night after a four-year absence.

The IAC annual meeting of athletic directors and faculty advisors made the announcement after voting EMU back in.

Also announced at the meeting was the official acceptance of Northern Illinois' application for withdrawal from the IAC.

Northern, in the conference since 1950, will be an independent until it finds a conference affiliation, a spokesman said.

The Michigan school withdrew from the IAC in 1962 and has been playing in the President's Athletic Conference since then.

The spokesman said Eastern Michigan is now a full conference member, but won't have full competition in all sports until the season of 1967-1968. The school also joined the conference in 1950.

In This Corner

with Ray Crandall

John LaPointe, former Ishpeming High School and Northern Michigan University athlete, has been named head football coach at Stephenson where he will succeed Ken Hofer who resigned this spring to take over similar duties at Menominee. . . . LaPointe earned 10 varsity letters in football, basketball and track at Ishpeming, freshman numerals in football and Michigan State and three varsity grid letters at Northern. . . . He captained the Wildcats in 1963 as a guard and linebacker under Coach Frosty Fezzacca. . . . He coached last year at Meridian High School in downstate Sanford.

Detroit Business College, where Newberry's Tommy Villeneuve has been named head basketball coach, is a school of 750 day students located in Dearborn. . . . The school is four years old and does not yet have a gymnasium, practicing and playing on a Dearborn high school court.

The Soo Blue Devils didn't even use their axes, Brad Shoul-dice and Neil DeCedery, while piling up 87 points in a triangular meet with Cedarville and Brimley this week. . . . The defending U. P. Class A-B champs took nine firsts, including two by Dave O'Gorman in the 440 and long jump.

Ishpeming captured the Marquette County track and field championship, scoring 84 points to 55 for Marquette, 31 for Gwinn, 14 for Bishop Baraga and 11 for Negaunee. . . . Duane Contois of Marquette was the individual standout with three firsts in the 120 high hurdles, 180 lows and the long jump. . . . Terry Kipling of Ishpeming won the high jump at 5 feet 10 inches, with Gwinn's Bill McGee settling for third place. . . . McGee has topped 6 feet twice this season.

Westwood Supper Club of Crystal Falls shared top money in the Golden Classic bowling tournament at the Four Seasons Lanes in Marquette with a 3992 total with handicap. . . . Mer-lin Bauman of Iron River copped the optional singles event with a 627 series. . . . Bob Mansfield of Marinette had the high individual game of 257.

There will be nine or more Upper Peninsula high schools competing in the rapidly growing sport of wrestling next winter. . . . Escanaba joined the ranks last winter with considerable first year success. . . . Holy Name has indicated it will inaugurate the sport next season. . . . Iron Mountain, Kingsford, Marquette, Ewen and Munising had teams last winter and Newberry and Soo joined the ranks late in the year.

Gordon Fox of Escanaba reached the finals of the Upper Peninsula Table Tennis championship tournament in Marquette, bowing to Bob Brumm of Marquette in the finals for the third straight year, 21-16, 22-20 and 22-20. . . . Fox is Northern Michigan University singles champion. . . . Brumm has won the U. P. title 11 times. . . . He's the tennis coach at Negaunee High School.

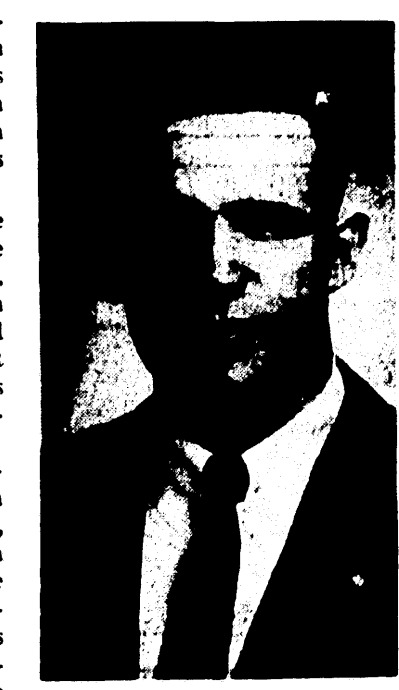

Tom Schwalbach New Head Football Coach At Rockford School

Tom Schwalbach, former Escanaba and Northern Michigan University football great, has been named head grid coach at Rockford (Ill.) West High School where he has served as assistant the past four years.

Schwalbach succeeds Brodie Westen who stepped out of the job for health reasons. Westen, who played football with Schwalbach at Northern, will remain as athletic director at the Illinois school which has an enrollment of 1,900 students.

The 32 year old Escanaba native, son of Mr. and Mrs. John Schwalbach, 234 S. 22nd St., graduated from Escanaba High School in 1951, served three years in the United States Marine Corps and in 1954 was named quarterback on the All-Marine and All-Sea Service football teams while stationed at Camp Pendleton, Calif.

He enrolled at Northern in

Tom Schwalbach

1956 and earned the starting quarterback job as a freshman, guiding the Wildcats to an 8-0 record as the fourth leading small college scorer in the nation with 103 points. Schwalbach was switched to halfback in 1958 and repeated as a Little All-America choice at the new position. When he graduated in 1960 his No. 17 jersey was retired at the Marquette college.

Schwalbach was drafted by the Boston Patriots of the American Football League but left the training camp to accept a head football coaching job at Munising where he coached for two years, compiling a 10-6 record, before joining the staff at Rockford West.

Schwalbach was named head wrestling coach at the school two years ago and will continue in that capacity.

Latest Grid War Tactic

Karras Signs Pact For Seven Seasons

NEW YORK (AP)—One result of the latest player war developing between the National Football League and the American Football League would seem to be long-term contracts for stars.

Alex Karras, the Detroit Lions' massive defensive tackle, lent credence to that theory Friday when he landed what is perhaps the longest player contract in NFL history, signing with the Lions for seven more seasons.

The interesting point was that Karras, upon signing, said he had turned down "a very attractive offer" to play for the Miami Dolphins of the AFL.

There had been a report that Karras and two Lion teammates, linebacker Wayne Walker and receiver Gail Cogdill, were being wooed by the Dolphins, but it was denied by officials of the new AFL team.

To keep the talent intact, more and more pro clubs are likely to hand out term contracts. The procedure up to now has been for a player to sign for one year, with a clause in the contract that binds the man to the same team for the second year. Now the owners probably will stretch the point and grant contracts for two years and up.

The current imbroglio started when Pete Gogolak, the Hungarian-born placekicker, signed with the New York Giants of the NFL after playing out his option

with Buffalo of the AFL. Gogolak reportedly signed for three years at \$32,000 a year.

Ralph Wilson, owner of the Buffalo club and president of the AFL, said, "We would like to see Gogolak's contract, as far as the Giants are concerned, rescinded."

However, there is little chance of any such action by NFL Commissioner Pete Rozelle.

When the NFL ended its spring meetings Friday at Washington, Rozelle took notice of reports that players on the Giants and the Lions have been approached by representatives of AFL clubs.

"I have heard reports of contacts made by AFL club representatives with certain players now under contract with NFL teams," Rozelle said. "I will have further information on this when our club presidents and I return home. If there are legal ramifications to such contacts, they would be explored by the NFL club involved."

The Giants said center Greg Larson, halfback Steve Thurlow

and receiver Bob Crespino had been approached by San Diego and fullback Tucker Frederickson by Houston of the AFL.

However, Frederickson said his talks with Don Klosterman, general manager of Houston, concerned only players still at Auburn, his alma mater, and nothing was mentioned about Frederickson playing with the Oilers.

While there were stories of AFL teams contacting NFL players, the cases of two former San Diego stars who became free agents still were open. Neither of the big defensive linemen, Earl Faison or Ernie Ladd, had signed. Detroit holds NFL draft rights to Faison and the Chicago Bears drafted Ladd.

But Devin, with hot iron play, swept over the 7,123-year Colonial Country Club course in two-under-par 68 Friday for a 36-hole total of 135, and figured a pair of 71s the rest of the way would bag him first money of \$21,000. He thinks 277 will win the 72-hole tournament.

Whereas the tournament was led by three foreign golfers in the first round — Devin on top with 67 and Peter Thomson and Bob Charles tied for second with 68 — the second round Friday saw Devin increase his lead, but Thomson drop to a tie for fourth and Charles fall to a tie for ninth.

Thomson, the Australian holder of the British Open crown, took a double bogey on the 15th hole to soar to a 72 for 140. Charles, the New Zealander, slumped to a 74 for 142.

Littler fired a 69 to take over second place with 138 and Al Geiberger laid down a similar score to edge into third with 139.

Sanitation Code In Alger County Begins June 30

Boyd Briggs, sanitarian for the Alger-Schoolcraft Health Department, is looking forward to June 30.

That's the date the new Alger County sanitation code adopted by the Board of Supervisors takes effect.

It will be Briggs' job to enforce it.

"It's not that we're going to crack down on everybody on June 30," Briggs said while in Escanaba for the Upper Peninsula Public Health Conference, "but there are some trouble spots. I know of four places where raw sewage is being dumped into the Anna River right now."

Violations will be misdemeanors, subject only to a \$100 fine or 30 days in jail or both, but each day a violation goes uncorrected, a new charge can be filed. Carried to extremes, in a months time that could total \$3,000.

Calendar Of Events

Prepared by Escanaba Chamber of Commerce

Today—K. I. Sawyer Day. Today—Escanaba Area Public School Band Concert, Wm. Ravelli, University of Michigan, guest conductor, 7:30 p. m. Wm. W. Oliver Auditorium. Sunday, May 22—Escanaba String Ensemble, 7:30 p. m., Escanaba Area H. S.

Saturday, May 28—Reveler Male Quartet, Community Concert Series.

June 1-8—Health-Mobile at corner of 10th and Ludington during store hours and Sunday afternoon, sponsored by Michigan State Medical Society.

June 3-4—Kiwanis Pancake Days, Carpenters Hall.

Newberry Given Grant For Rehab

The National Institute of Mental Health has approved a \$100,000 grant to Newberry State Hospital. Effective June 1, the grant will finance a five-year research program on rehabilitation therapy. Dr. William R. Purnort will direct the program.

The Institute of Mental Health is administered by the U. S. Public Health Service.

School Aid

The U. S. Office of Education will reimburse the Baldwin Township School District in Perkins by \$1,031 for the education of children affiliated with K. I. Sawyer Air Force Base and Hiawatha National Forest.

Baldwin Township's allocation is for two pupils affected by the forest, and 10 pupils associated with the air force base.

In Service

James V. Kivioja, son of Mr. and Mrs. Verner Kivioja, Wells, was promoted to specialist four in Korea, May 10, where he is assigned to the 127th Signal Battalion.

Specialist four is an enlisted rank equivalent to the rank of corporal.

Kivioja is a mechanic in the battalion's Company A. He entered the Army in November 1964 and completed basic training at Fort Knox, Ky.

The 20-year-old soldier was graduated from Escanaba High School in 1964.

The code is designed primarily to regulate water and sewerage systems and hopefully will prevent in Alger County a situation similar to what happened in Chatham.

For three years, wells in Chatham have been going sour. Bacteria count is too high for safe human consumption.

Though exact cause of the contamination hasn't been pinpointed, Briggs allows that just one bad septic system or well installation could have caused all the trouble. Because of the rock formations below the surface where water is found, seepage can spread through an entire area.

Affects New Construction Briggs cited Deerton, A. Train and Christmas as potential trouble spots.

"This code will affect only new construction and replacing of old systems," says Jack Carberry, Munising, chairman of the Alger-Schoolcraft Health Commission. "We feel, however, that it is a start in the right direction."

Briggs pointed out that at last the Health Department will be able to apply a single standard to both counties.

Until the code was adopted, a resort owner in Schoolcraft County might have to install an expensive sanitary system while a neighboring resort a few miles down the road in Alger County could do as it pleased, Briggs said.

After June 30, regulations will be the same.

College Offers Two Biological Science Courses

Two Biological Science courses will be offered at Bay de Noc Community College this summer, it is announced by Ray Reilly, who will be the instructor for both courses.

A 2-credit course in Ornithology will be offered for the second year, with classes Tuesday evening and Saturday morning.

One all-day excursion to the Seney Wildlife Refuge is planned as part of the program. Last year one of the group saw a warbler which provided a new record for the species at the Refuge.

The course provides an excellent opportunity to learn more about birds and to gain appreciation of the natural beauty of the area, said Reilly.

Concepts of Biology, a 4-credit course, will also be offered. At the close of the summer Reilly is leaving the Bay de Noc Community College to become a member of the faculty of Michigan Technological University.

Persons interested in the Ornithology or Concepts of Biology courses are asked to contact the Community College for information on fees and class schedules.

Seney

Mr. and Mrs. Fred Woolford of Roscommon are visiting here this week with Mr. and Mrs. Francis Morrison and other friends.

Mr. and Mrs. Russell Bowersox traveled to Lake Gogebic recently where they spent some time fishing.

Mrs. Clara Boonenberg has returned from Grand Rapids.

Mrs. Bada Haugh from the Delta-Schoolcraft School District attended a meeting of the Seney Board of Education Friday evening.

Mr. and Mrs. Dick Hicks of Pontiac are visiting this week with her parents, Mr. and Mrs. Ralph Smithson.

Linda Ketola, Newberry High School Junior took part in Government Day activities at Manistique, Monday.

BARNEY BARNHART, right, safety manager for Clairmont Transfer Co. of Escanaba, was elected vice chairman of the American Trucking Association Council of Safety Supervisors at recent meeting in Atlanta, Ga. With him are, from left, Tom E. Moore, Carolina Freight Carriers Corp., Cherryville, N. C. chairman, and Edward J. Emond, Armour & Co., Chicago, central regional chairman. They are examining a new packaged audio-visual program for drivers.

Service School Entry Forms Are Available

WASHINGTON—Congressman Raymond F. Cleveland has a limited number of appointments to U. S. military academies available for 1967 entering classes.

Young men 17 to 21 years old who are legal residents of the 11th Congressional District may write Cleveland's Washington office for application forms for the Civil Service designation examination required of military academy appointees.

Civil Service exams for 1967 classes begin July 11, 1966. Application for the exams will be received now through Nov. 15, 1966.

"This is an excellent opportunity for young men to receive a first-rate education and be of service to their country," the Congressman noted.

Currently enrolled or appointed from Upper Michigan are four youths each at the Military Academy, West Point, N. Y. and the Air Force Academy at Colorado Springs, Colo.: five youths at the Naval Academy at Annapolis, Md.; one at the Merchant Marine Academy at Kingston, N. Y.; and one at the Coast Guard Academy at New London, Conn.

Activities at the youth center included basketball, table tennis, pocket billiards, weight lifting, television viewing and dancing. The building was also used by the following groups: Girl Scouts, Boy Scouts, Brownies, Cub Scouts, Bay de Noc Community College, Golden Age Club, Senior Citizens, Babe Ruth League, Little League, Minor League, Escanaba Softball Association, Girls Softball Association, Senior Archery, Junior Archery, U.P. Archery Association, Escanaba Basketball Association, Slowpitch Softball League, Escanaba Police Department, Y.M.C.A., churches and other groups.

To Stress Beef In Lakes Council Meet May 24-25

EAST LANSING (AP)—A council organized to revitalize the Northern Great Lakes region plans discussions May 24-25 at Traverse City on how to develop the area's agriculture.

The meeting of the 21-member Northern Great Lakes Development Council will stress beef production and fruit production and processing.

The council is composed of Michigan, Wisconsin and Minnesota, whose 81 northern counties comprise the Northern Great Lakes Region.

Youth Center Closes Today

Club 314 will close today for the season it was announced by the recreation department.

The city-sponsored youth center opened in September and provided recreation for the young people of the area in the evenings during the week and on Saturday afternoons. The gymnasium and other facilities at the center were also available to young adults and citizens of the community during the daytime hours.

General activities were conducted under the supervision of Francis Lueneburg, veteran member of the recreation department staff. Part-time leadership in the dance room was provided by Irene Pirlot and the basketball program was in charge of Darrel Bengry, a member of the local public school system. Erwood Slade and Wallace Pultz, also members of the local public school teaching staff, shared duties in the game room.

Activities at the youth center included basketball, table tennis, pocket billiards, weight lifting, television viewing and dancing. The building was also used by the following groups: Girl Scouts, Boy Scouts, Brownies, Cub Scouts, Bay de Noc Community College, Golden Age Club, Senior Citizens, Babe Ruth League, Little League, Minor League, Escanaba Softball Association, Girls Softball Association, Senior Archery, Junior Archery, U.P. Archery Association, Escanaba Basketball Association, Slowpitch Softball League, Escanaba Police Department, Y.M.C.A., churches and other groups.

Barbecue Fund

TRaverse CITY (AP)—Northwestern Michigan Community College here will hold a fund-raising barbecue Sunday. One and a half tons of beef are expected to be eaten by 10,000 guests.

The name of the game is peace.

You make the first move.

Manistique News

Guard Staging Firing, Bridge Building Drills

Some 100 Guardsmen of Gladstone and Manistique are participating in drills here this weekend.

Here from Gladstone are 45 men of the Fourth and Fifth platoons of the 1437th float bridge company, commanded by Capt. Ronald Patrick. Twenty Manistique Guardsmen will take part with them in construction of a bridge over the Manistique River near the Dimension plant site.

Company D of Manistique, with Capt. John Paul Quick in charge will hold firing drills at the range near the nursery on U. S. 2.

The Gladstone group arrived Friday night and remains here through Sunday.

Golf Club Women Hold First Meeting

The Wednesday night ladies group held the first meeting of the season May 18. Winners in bridge were Mrs. John Kelly and Mrs. A. W. Cockram.

The first dinner dance is scheduled May 28. Tickets are on sale for members and out-of-town guests by Mr. and Mrs. William Phillips, Mrs. Lee Pappas, Mrs. A. W. Cockram, Mr. and Mrs. Larry Rushford. Tickets also are available at the club.

Hostesses May 25 will be Mrs. John Kasun and Mrs. Howard LaBar. Reservations should be telephoned by Monday noon to 341-5800.

Briefly Told

Taken to Schoolcraft Memorial Hospital by ambulance were Wreatha Johnson, 715 Deer, at 1:30 p. m., Thursday and Mrs. Donald Hill, Cooks, at 3:25 a. m., Friday.

Dr. Maurice Blue of Ligonier, Ind., who had come here the past 30 summers, died suddenly Wednesday while he and Mrs. Blue were packing their car to come to Manistique. He attended Rotary Club meetings while he stayed here.

State Police ticketed Walter C. Manninen, Royal Oak and Dean L. Ladouce, Marquette, speeding and Donald E. Tuttle, Gulliver, single instead of double binder chain on pulp load.

In an accident at 1 p. m., Friday, a car driven by Mrs. Alex (Mary Jane) Shesterkin, 62, of Garden, backed from an alley into Walnut St., and hit a parked car owned by Homer D. Joslin, Rt. 1, Manistique. Joslin was putting articles in his car and received a head bump. Public Safety officers ticketed Mrs. Shesterkin for failure to have vehicle under control.

Obituary

MRS. GEORGE GAYAR
Funeral services were conducted at 1:30 p. m., Thursday in Kefauver & Jackson Funeral Home for Mrs. George Gayar. The Rev. Roy Pitts officiated. Pallbearers were Agner Dohlin, Keith Bundy, Stanley Carlson, Edward Jackson, Graydon Stone and Charles Bruley. Burial was in Lakeview Cemetery.

MRS. CHARLES SAMPLE
Funeral services were conducted at 3:30 p. m., Thursday in Kefauver & Jackson Funeral Home by Rev. Ingmar Levin for Mrs. Charles Sample. Pallbearers were Fred Hinkson, Frank Gierke, John Stoor, Hugo Erickson, Hassell Osterhout and Osborn Stanley. Burial was in Fairview cemetery.

Hospital

Admitted to Schoolcraft Memorial Hospital were Bonnie Garvin, 401 N. Houghton, Lorraine Heminger, 444 Alger, and Doris Farley, Garden. Discharged were Howard Williams, Isadore Houghton, Vera Udell, David Erickson and Kenneth Seymour.

Personals

Dr. and Mrs. E. D. Branyan have returned from Grand Rapids where they attended a convention.
